Dag's Ready For Mission To Mideast

Arabs' Resolution For Peace Approved By U.N. Assembly

UNITED NATIONS, N.Y. (AP) — Dag Hammarskjold prepared today to embark on an Arab-sponsored peace mission to the Middle East which won unanimous approval from the U.N. General Assembly.

The secretary general reportedly will be in the trouble area in less than two weeks. It will be his ninth peace-making trip to the area in 29 months.

The 81-nation Assembly wound up its two-week emergency session Thursday night by voting 80-0 for the Arab resolution. It assigns Hammarskjold the job of making arrangements to facilitate early withdrawal of U.S. troops from Lebanon and British forces from Jordan. The Dominican Republic was absent.

The plan promises to safeguard the political and territorial integrity of Jordan and Lebanon by reaffirming the Arab nations' pledges to refrain from interfering in each others' domestic affairs.

Hammarskjold also was asked to make plans for economic development of the Middle East in consultation with the Arab states.

Secretary of State Dulles commended the Arabs for agreeing on a peace plan. But he warned against expecting that mere passage of a resolution would solve all the Middle East's problems.

"These problems have deep roots," Dulles declared. "They have explosive aspects which can surprise us at any time."

Soviet Foreign Minister Andrei Gromyko, who withdrew his own resolution in favor of the Arab plan, also had reservations. He voiced disappointment that the Arab proposal did not call for immediate withdrawal of British and U.S. troops, as did the Soviet resolution.

Gromyko warned that the Soviet Union would renew its demand for a military pullout if withdrawal did not come quickly.

Like Russia, Norway withdrew its West-supported resolution. It also gave Hammarskjold the task of working out a Middle East peace settlement but skirted any direct demand for troop withdrawals.

Aside from the specific mention of troop withdrawal, the Arab resolution actually was largely a rewrite of the Norwegian plan. Western diplomats believed the Arabs decided to forget personal differences and work up their own proposal rather than have it appear that a settlement had been imposed upon them.

Britain Set To Suspend Testing Also

Soviet Must Keep Present Ban, Look To Permanent Setup

WASHINGTON (AP)—President Eisenhower announced today the United States is ready to suspend nuclear weapons tests for one year starting Oct. 31, provided Russia meets two conditions.

The conditions are if the Soviet Union agrees to maintain its current ban on nuclear tests, and further agrees to negotiations looking toward a permanent ban.

The White House said Great Britain also stands ready to join in a one-year suspension of weapons tests under the same conditions specified by the United States.

Eisenhower stressed in a statement that the United States is not proposing that nuclear tests for peaceful purposes be halted.

Referring to technical talks on policing a ban, concluded at Geneva this week, Eisenhower said:

"The United States, taking account of the Geneva conclusions, is prepared to proceed promptly to negotiate an agreement with other nations which have tested nuclear weapons for the suspension of nuclear weapons tests and the actual establishment of an international controls system on the basis of the experts' report.

"If this is accepted in principle by the other nations which have tested nuclear weapons, then in order to facilitate the detailed negotiations, the United States is prepared, unless testing is resumed by the Soviet Union, to withhold further testing on its part of atomic and hydrogen weapons for a period of one year from the beginning of the negotiations."

The President's announcement reflected a major shift in U.S. nuclear policy.

He said that as part of the contemplated international agreement the United States would be prepared also to suspend nuclear weapons tests on a year-by-year basis subject to determination at the start of each year that:

"(A) The agreed inspection system is installed and working effectively; and

"(B) Satisfactory progress is being made in reaching agreement on and implementing major substantial arms control measures such as the United States has long sought."

The implication seemed to be that the United States is willing to renew the proposed initial 12-month suspension on a year-to-year basis while negotiations looking toward a possible permanent ban are being conducted.

Delay Granted In Little Rock

NAACP Asks High Court Open Door To Integration

LITTLE ROCK, Ark. (AP)—The National Assn. for the Advancement of Colored People will ask the U.S. Supreme Court today to knock down the legal barrier that would prevent Negro students from entering Central High School Sept. 2.

Gov. Orval Faubus kept his special legislative session plans in readiness in case the NAACP is successful in overturning the 8th U.S. Circuit Court of Appeals action that would block integration at the school until the Supreme Court has made the final decision.

Little Rock's school board is going ahead on the assumption that Central will be an all-white high school when classes resume a week from next Tuesday. Registration begins today and if Negroes apply they will be told to attend Horace Mann Negro High School here.

Thurgood Marshall, attorney for the NAACP, said he would ask the Supreme Court to set aside the stay granted by the appeals court Thursday. If this action should be successful the way would be clear for Negroes to re-enter the school on opening day.

Faubus refused to back down immediately on his standby call for legislators to be ready for a session Monday when he heard that the 8th Circuit Court of Appeals at St. Louis had stayed its own decision that integration must proceed.

The governor said he wanted to be assured that the school board would take the opportunity afforded it to avoid integration and that the stay which would hold Negro students out of school until the Supreme Court acted would remain in effect.

The Circuit Court ruled Monday that Little Rock could not have the 2½-year delay in integration given it by U.S. Dist. Judge Harry Lemley of Hope, Ark. But Thursday it said in effect that the Lemley decision granting the delay could remain in force until the Supreme Court decided the matter. That is provided the Little Rock school board filed its appeal to the high court within 30 days.

The school board hailed the stay order as "wonderful news" and Supt. Virgil Blossom confidently announced that Central High would open Sept. 2 as an all-white high school.

Later he amended his flat statement to say Central would be all white if the stay order remains in effect.

Gov. Faubus hinted that the state would close Central High should the federal government force integration a second year.

At a press conference, he said one possible measure his administration would submit to the law makers involved troops, and that closing the school in the event of forced integration was being considered also.

Inquest To Be Held In Route 30 Deaths

Dr. Thomas Todd, Beaver County coroner, said today that an inquest in the Route 30 accident Wednesday afternoon in which two men were killed, will be held after the truck driver and his passenger are released from City Hospital.

Fred Pratchenko, 25, the trucker, and Donald Young, 25, both of Aliquippa, were listed in "fair" condition today.

Timken, Union Seen Near On Strike Peace

CANTON, Ohio (AP) — Agreement appeared near today in a pension plan dispute at Timken Roller Bearing Co. which resulted in a strike by the United Steelworkers 31 days ago.

Negotiators met for three hours Thursday. Another meeting was called today.

Hope for settlement of the strike brightened when the union proposed to modify a new company offer. The union did not reject the latest plan.

Some 9,000 workers at plants here and in Columbus and Zanesville have been idled by the walkout. Violence involving strikers and non-strikers has broken out several times during the walkout.

Timken has proposed that workers with considerable seniority can receive lump sum payments of pension benefits if they are permanently laid off—a permanent lay-off being two years.

The union has asked that workers be permitted to accept the payment immediately upon qualifying or at the usual retirement age of 65. The lump sum payment proposed by the company would be subject to income taxes, the union explained.

Timken also announced that an automatic wage increase provided in a three-year wage agreement will become effective Sunday.

Interceptor Missile Downs Pilotless Plane

CAPE CANAVERAL, Fla. (AP) —A Bomarc interceptor missile has proved again that it is ready to become a part of the nation's air defense system.

The swift missile roared across the Atlantic Thursday and zeroed in on a pilotless B17 drone bomber at a range of about 250 miles.

The Bomarc was triggered when someone pushed a button at a computer control center in Kingston, N. Y., 1,500 miles away.

It was the third time this month that the Bomarc had been fired successfully within the SAGE air defense system.

SAGE, which stands for Semi-automatic Ground Environment, is composed of a string of radar stations and electronic computers across the country.

Todd's Widow Files Suit In Plane Crash

NEW YORK (AP) — Actress Elizabeth Taylor has filed a five-million-dollar damage suit against three corporations, charging them with negligence in the plane crash which killed her husband, Mike Todd, and three others.

The action was filed in federal court Thursday on behalf of the actress and Todd's son, Mike Todd Jr.

At the same time, Mrs. Marta Cohn, widow of writer Art Cohn, who also died in the crash last March, asked damages of 1½ million dollars.

The defendants are Ayer Lease Plan, Inc., described as the owner and operator of the plane; Trade-Ayer, Inc., and Michael Todd Co., Inc., maintainers and controllers of the plane.

Officials at Ayer Lease Plan and Trade-Ayer, both located at Linden Airport, Linden, N.J., did not immediately comment.

The twin-engine plane, named The Liz for Miss Taylor, crashed in the Zuni Mountains near Grants, N.M., March 22. In addition to Todd and Cohn, the victims were pilot Bill Verner and copilot Tom Barclay.

Norway Plans Big Welcome For U.S. Sub

Denmark Bars Skate Visit, Citing Fear Of Radiation Perils

COPENHAGEN (AP) — Denmark Thursday barred the U.S. atomic submarine Skate from visiting Copenhagen. The country's leading nuclear authorities expressed fear of radiation perils in case of a collision in the harbor.

But neighboring Norway promised an official welcome when the Skate docks Saturday at Bergen, her first port of call after a crossing under the north polar ice. The Skate will visit Oslo from Monday to Wednesday. Then it had planned to go on to Copenhagen.

A member of the Danish Atomic Energy Commission told The Associated Press the commission chairman, famed Dr. Niels Bohr, concurred in the decision to bar the Skate. The great nuclear physicist was a member of the brain trust behind the first U.S. atomic bomb.

A Norwegian naval source called the Danish decision utter nonsense. But the Norwegian health director, Karl Evang, sent two health inspectors to try to contact the health officer of the Skate before the submarine docks at Bergen.

Evang said this step was planned long before the Danish decision was taken. He added that Norway simply wants "to know as much as possible so as to be able to take our precautions."

The Norwegian Defense Ministry asked its research institute for an opinion on the possibility of danger. The institute's chief research officer said he had no information that would prompt the institute to advise against the Skate's visit.

Danish Premier Hans C. Hansen acted on the recommendation of his atomic advisers, who warned against "disastrous consequences" in the case of an accident involving the vessel.

One commission member, who refused to be named, said the advice was given Thursday by some of the top nuclear experts running Denmark's atom station at Risoe, 30 miles from Copenhagen.

Labor Official To Speak

Parade, Rally Set Sept. 3 For 'Buy American' Drive

Preparations are nearing completion for a parade and mass rally Sept. 3 to kick off the "Buy American - Buy Union Label" campaign in the East Liverpool area, Earl C. Cryzter, general chairman, announced.

Sponsored by the Trades and Labor Council, the drive is aimed at halting the importing of cheap foreign goods, which is destroying the jobs of American workmen, Cryzter said.

The chairman said all labor organizations in the city have indicated they will be represented in the parade with banners citing the theme, "Buy American - Buy Union Label."

Immediately following the parade at 7, a mass rally will be held at 8 in the Memorial Auditorium with Joseph Lewis, secretary - treasurer of the Union Label Service Trades Department of the AFL-CIO as principal speaker.

Cryzter said his committee has circulated cards to merchants asking their support to curb the influx of foreign products. Committees have been named to visit merchants and ask their co - operation to cope with the imports, which not only reduce job opportunities in the pottery industry but in other industries in the district, he said.

Merchants will be asked to clear their shelves of foreign - made products and display only American merchandise, he continued.

The central labor body also has mailed a letter to every union in the country urging them to launch similar campaigns in their communities, Cryzter said.

Joseph A. Winters, secretary of the council, said fraternal organizations and civic groups, service and fire units, high school bands and veterans' marching units are invited to participate.

Other members of the Buy American committee are John Hart, Dorothy Prosser, Helen Shively, Edith Wheatley and Blanche Cook.

NEW YORK (AP) — Actress Elizabeth Taylor has filed a five-million-dollar damage suit against three corporations, charging them with negligence in the plane crash which killed her husband, Mike Todd, and three others.

The action was filed in federal court Thursday on behalf of the actress and Todd's son, Mike Todd Jr.

At the same time, Mrs. Marta Cohn, widow of writer Art Cohn, who also died in the crash last March, asked damages of 1½ million dollars.

The defendants are Ayer Lease Plan, Inc., described as the owner and operator of the plane; Trade-Ayer, Inc., and Michael Todd Co., Inc., maintainers and controllers of the plane.

Officials at Ayer Lease Plan and Trade-Ayer, both located at Linden Airport, Linden, N.J., did not immediately comment.

The twin-engine plane, named The Liz for Miss Taylor, crashed in the Zuni Mountains near Grants, N.M., March 22. In addition to Todd and Cohn, the victims were pilot Bill Verner and copilot Tom Barclay.

Norway Plans Big Welcome For U.S. Sub

Denmark Bars Skate Visit, Citing Fear Of Radiation Perils

COPENHAGEN (AP) — Denmark Thursday barred the U.S. atomic submarine Skate from visiting Copenhagen. The country's leading nuclear authorities expressed fear of radiation perils in case of a collision in the harbor.

But neighboring Norway promised an official welcome when the Skate docks Saturday at Bergen, her first port of call after a crossing under the north polar ice. The Skate will visit Oslo from Monday to Wednesday. Then it had planned to go on to Copenhagen.

A member of the Danish Atomic Energy Commission told The Associated Press the commission chairman, famed Dr. Niels Bohr, concurred in the decision to bar the Skate. The great nuclear physicist was a member of the brain trust behind the first U.S. atomic bomb.

A Norwegian naval source called the Danish decision utter nonsense. But the Norwegian health director, Karl Evang, sent two health inspectors to try to contact the health officer of the Skate before the submarine docks at Bergen.

Evang said this step was planned long before the Danish decision was taken. He added that Norway simply wants "to know as much as possible so as to be able to take our precautions."

The Norwegian Defense Ministry asked its research institute for an opinion on the possibility of danger. The institute's chief research officer said he had no information that would prompt the institute to advise against the Skate's visit.

Danish Premier Hans C. Hansen acted on the recommendation of his atomic advisers, who warned against "disastrous consequences" in the case of an accident involving the vessel.

One commission member, who refused to be named, said the advice was given Thursday by some of the top nuclear experts running Denmark's atom station at Risoe, 30 miles from Copenhagen.

Woman Driver Injured In Super-Road Crash

A Wellsville woman was injured when her car crossed the medial strip of the East Liverpool-Wellsville Super-Road Thursday night about 7 and struck the north hillside about a mile south of the city limits.

Ruth Caruso, 47, of 723 Commerce St. was treated at City Hospital for bruises of the chest and rib injuries suffered when she lost control of the 1947 sedan and it veered against the embankment.

The State Highway Patrol at Lisbon said she was headed northeast when she lost control and the car went onto the right berm, then careened back over the four-lane roadway and hit the hillside, causing considerable damage to the front of the auto.

The driver was charged with driving left of center.

Parade, Rally Set Sept. 3 For 'Buy American' Drive

Preparations are nearing completion for a parade and mass rally Sept. 3 to kick off the "Buy American - Buy Union Label" campaign in the East Liverpool area, Earl C. Cryzter, general chairman, announced.

Sponsored by the Trades and Labor Council, the drive is aimed at halting the importing of cheap foreign goods, which is destroying the jobs of American workmen, Cryzter said.

The chairman said all labor organizations in the city have indicated they will be represented in the parade with banners citing the theme, "Buy American - Buy Union Label."

Immediately following the parade at 7, a mass rally will be held at 8 in the Memorial Auditorium with Joseph Lewis, secretary-treasurer of the Union Label Service Trades Department of the AFL-CIO as principal speaker.

Cryzter said his committee has circulated cards to merchants asking their support to curb the influx of foreign products. Committees have been named to visit merchants and ask their co-operation to cope with the imports, which not only reduce job opportunities in the pottery industry but in other industries in the district, he said.

Merchants will be asked to clear their shelves of foreign-made products and display only American merchandise, he continued.

The central labor body also has mailed a letter to every union in the country urging them to launch similar campaigns in their communities, Cryzter said.

Joseph A. Winters, secretary of the council, said fraternal organizations and civic groups, service and fire units, high school bands and veterans' marching units are invited to participate.

Other members of the Buy American committee are John Hart, Dorothy Prosser, Helen Shively, Edith Wheatley and Blanche Cook.

Brother Injured In Mishap At Florence

Thomas Findlay, 22, of Toronto died at the Weirton General Hospital Thursday and his brother, John Findlay of Wintersville R. D. 4, was admitted in serious condition after their milk truck collided head-on with a semi-trailer on Route 22, a mile west of Florence at 4:15 p. m.

The driver of the rig, Ernest Stephen, 30, of Cementon, Pa., was uninjured. There was about $7,000 damage to the rig and $1,000 to the milk truck.

The Carnegie Barracks of the Pennsylvania State Police said the driver of the milk truck apparently was attempting to pass several cars but it was not known who was at the wheel. The investigation is continuing.

Mr. Findlay's body was taken to the Clark Funeral Home pending services. Friends may call at the funeral home after 7 tonight.

Balloonist Lands Unhurt In Tree, But Rips Trunks

LISBON — John Oliver, 71-year-old village jeweler and watch repairman, again rode a hot air balloon hundreds of feet over the Columbiana County Fair Thursday night, parachuting safely to the ground while thousands of spectators looked on.

The only mishap in the calm ride was a rip in the red trunks of the srpy aeriaiist as he landed in an apple tree on the old Oliver farm where he was reared. It is about a block from the fairgrounds.

About an hour and a half preparation — filling the large muslin balloon with heated air from a fire in a trench — preceded the journey which began about 6:15 p. m.

Oliver said the weather yesterday was very calm and ideal for the venture. Brisk breezes Wednesday night carried the chutist and his balloon some distance northeast of the fairgrounds.

The balloon was made and is owned by Albert Nailor of Mentor, who has been in the balloon business for 55 years. Nailor said Oliver, who made ascensions at the fair during World War I, is probably the oldest balloonist in the nation.

Oliver is scheduled to repeat the ascension tonight and Saturday night.

Pan-Arabism Comes Of Age

The United States has done such a complete about-face on Middle East policy that the effect will be a few weeks in catching up to the fact.

The fact is that the policy which had been followed by Secretary of State Dulles has been abandoned and a new policy of cooperation with a presumably self-reliant Arab movement substituted for it within the framework of the United Nations.

Not the least of the changes that have occurred is the evidence that Arab states are able to work together, or at least to agree to work together. This is the result, apparently, of Asian-African bloc statesmanship in the U.N. General Assembly, led by India.

This bloc has said, in effect, to the Western Powers that from now on it will be responsible for deciding if and when indirect aggression is occurring in its regional affairs and will deal with it on local terms.

When Americans finally catch up to the fact, they will understand that the effect of this fresh assertion of responsibility by governments whose people only recently were under colonialism is to bar Asia and Africa to outside interference from any source.

THE WESTERN POWERS must assume, hopefully, that Russian interference will be barred as aggressively as their brand of interference, which they have preferred to call "intervention," because it had a better sound.

The Western Powers must assume, again hopefully, that in the case of Pan-Arabism the pledge to quit interfering with one another will be observed scrupulously, too.

What this is going to do to the Eisenhower Doctrine and various and sundry pacts and agreements between Arab countries and Western nations is not going to be clear until it has been proved that the self-determination of Arab states is more than a pious resolution made to get United States and British troops out of Lebanon and Jordan.

If Pan-Arabism has come of age and can bring about self-determination in the Middle East, all previous doctrines and pacts will become useless. If not, the doctrines and pacts will be no more useful than they were before, which is to say they will be powerless to stem the tide of Arabian nationalism which is being pushed, in turn, by nationalism in Asia and Africa.

The Western Powers have come to the end of the line in their once unassailable conviction that the colored races were the white man's burden. It was ironic that the last stop should have been caused by the United States, which never had exploited the populations of either Asia or Africa.

For the time being, at least, this country is not even going to moralize any more about Middle East shortcomings and misdeeds. It is going to concentrate on learning to live and let live.

IT MAY BE that the Communists will move in and taken over in the Middle East, but that is as highly improbably as it is that the local politicians suddenly will begin to behave like farsighted statesmen in a representative democracy.

The great American discovery since mid-July has been the preference of the Arabs in the Middle East for their own ideas about government.

They never will be forgiven for this by those who have gloried in grunting under the white man's burden. But those who would prefer to help Middle Easterners rule themsevles have waited a long time for a chance to prove their idea is superior. It is their turn now to take the place of Rudyard Kipling and Col. Blimp.

Behind A Court Bill Smokescreen

It is not necessary to agree with Sen. Paul Douglas (D-Ill) to give him credit for a shrewd move during the Senate showdown on bills to curb the authority of the Supreme Court.

Sen. Douglas proposed adoption of a Senate resolution of support and approval for Supreme Court decisions on public school integration, knowing this would put on record the real reason why Southern senators want to curb the court.

If he had been able to think of a similar resolution to put on record the names of senators from all other parts of the United States who want to hamstring the Supreme Court's defense of civil liberties, his strategy would have been even better.

If he then had been able to frame a resolution to call for a Senate showdown on President Eisenhower's program of political progress, he would have had a roster of all the U.S. senators who have been undercutting the Supreme Court in the hope of evening their grudge fight with the Eisenhower center-group in mid-20th-century politics.

They have tried to get at a political force they dislike through the part of the government that is least able to defend itself — the Supreme Court.

Their prime target has been the 14th chief justice of the United States, Earl Warren, whose philosophy is poles apart from that of Southern reactionaries on school integration and Northern regressionists on the independence of the executive branch of the government from dictation by congressional politicians.

They never have forgiven President Eisenhower for appointing the former governor of California to lead the Supreme Court. They wanted someone who would cater to their prejudices and be respectful of their point of view. If there had been any doubt in their minds that Dwight Eisenhower intended to espouse a new kind of Republicanism, the designation of the then-governor of California as chief justice removed it. More than any other one decision in Mr. Eisenhower's five and a half years in the White House, the Warren appointment infuriated right wingers in both political parties. The school integration ruling added unbearable insult to supreme injury.

Everything they say is a smokescreen to conceal the real reason for their attack, which is total and violent disagreement with the Eisenhower administration on a liberal construction of the civil rights of the American people when they come under attack.

The Eisenhower administration, backed by the Supreme Court under Chief Justice Warren, says the Constitution must be interpreted in behalf of all the people, all the time. Its opponents in both parties say the Constitution must be interpreted in behalf of people who either have the upper hand at the moment or are in a position to demand it tomorrow.

U.S. Champions!

Not too long ago the drill team of Veterans of Foreign Wars Post 66 was receiving congratulations as the champion team of its kind in the state of Ohio.

Today the team is accepting congratulations again — this time as champions of the United States!

It's a mighty imposing title and one that the post squad can wear proudly and deservedly. Championships don't come easily in any line. They represent hours of hard work and devotion to the task at hand far beyond that of ordinary endeavor.

East Liverpool once more has every reason to be bursting with pride over the team which again has brought the community national recognition.

Were there more fields to conquer in drill competition, you could be sure the crack outfit of VFW Post 66 would be catching the judges' eyes.

The Once Over

By H. I. Phillips

With Nelson Rockefeller almost a certain Republican candidate for governor of New York, and with Harriman his opponent, this will be the most open choice between multi-millionaires the poor voters have ever had.

Getting farthest north from the Horatio Alger story, the people can be stirred by the realization their candidates have never known a day's adversity or been anywhere near the bottom of the ladder.

Each could become a White House possibility as a man who, from the cradle up, knew the ordeal of having to press a button to get anything he wanted.

"I'M FOR HARRIMAN," the wife said. "As a boy he had to peddle polo ponies and shine Rolls-Royces."

"That's nothing. My man is Rockefeller," we argued. "He began life with only two butlers, refused to be depressed when down to his last four country-estates and had to patch his own society ball masquerade costumes."

"Harriman for years had to get along on three meals a day and go miles to work in the same limousine," the wife declared.

"What of it?" we asked. "Rockefeller has always had to get up before noon to begin the day's toil. He knows what it is to go to work on the coldest morning in only one fur coat and fight his way to the office in a car with the heater out of order."

"Give me a man like Harriman who has often experienced the ordeal of fighting a path from safety deposit box to safety deposit box, entirely on his own and with no guide. I remember the days when he got an entire carload of polo ponies from the Argentine to New York unassisted and without even asking for aid. He always said that any polo mallet good enough for the poor was good enough for him," insisted the little woman.

"Rockefeller has had to load his income taxes on covered wagons and make six or seven trips to Washington, unarmed and without ever losing a single bale of money on the trip," we said.

"Both boys had it rough," the missus admitted. "Whoever wins, the barefoot boy is out and the log-cabin becomes a late scratch."

THE SUMMER BEING as terrible as it was in most places, it would seem that while we failed in our shot to the moon, somebody shot the blazes out of the sun.

A TV presentation of "Ben Hur" has been dropped. Couldn't find eight horses not working in "westerns." (If presented, will the chariots have been named "His" and "HUR's"?)

When Hall withdrew from the governship race against Rockefeller he probably realized he would have trouble making the trip against super high test gas.

Jules Verne had the best break in getting a rocket to the moon. He knew paper and ink couldn't explode.

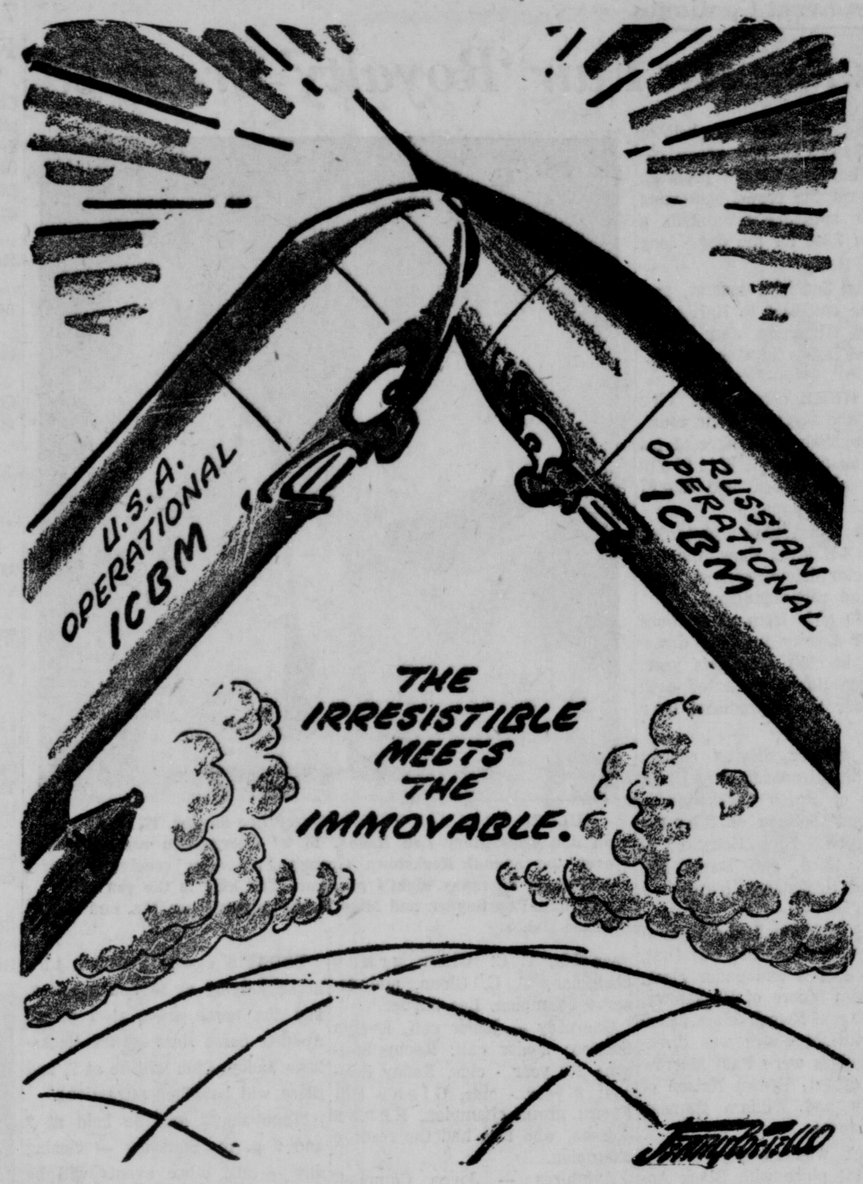

International Tel. & Tel. has a machine which can tell a boy from a girl. It was getting pretty hard but most folks would rather keep guessing.

Theater Guild produced a "western" recently. This shows that "Oklahoma" is one of those things which has its bad side. But it was like the Metropolitan Opera doing "Tobacco Road."

In New South Wales, Australia, Ronald Toomer sued his landlady for permitting a gas leak which "killed two of his orchids and so affected his pet parakeet that it refused to talk for some months."

British Deal With Red Hungary

By Victor Riesel

LONDON

Let's not be too beastly to the Hungarian machine gunners of women and kids — that is, if you don't want to irritate the British government. If you really bear down on the men who are the account executives in charge of the Budapest government for the Russian army, you may keep the British from making a few extra pounds — torn right out of the flesh of the Hungarian workers.

Victor Riesel

Apparently the British legation in Budapest doesn't take as a personal insult all the unpleasantness which resulted, you know, in the slaughter of Hungarian freedom. The legation of Her Majesty's government in the Hungarian capital has just signed a 35 million dollar trade pact with that Soviet-Communist government.

Ghoulishly enough this pact provides that the British will send Hungary this coming year material which can be converted to war equipment. The British have agreed to send neat packages of chemicals, machinery, vehicles and rubber.

FOR WEEKS NOW, while one section of the Empire's government has been deploring the tragedy which ended in the secret torture and execution of rebel leader Imre Nagy in some Romanian cellar, another office of the British government has had its representatives right in Hungary negotiating a trade deal with the very men whom the world calls murderers.

This Anglo-Hungarian trade pact was signed on July 26 in Budapest. A British diplomat by the name of J. E. Cable, commercial first secretary of the British legation in Budapest, signed for the English. With a handshake, too, no doubt.

No worry here, though. The Hungarian commercial representative had no blood on his hands. It had all been washed off.

The Hungarian's name is Bela Szilagyi, one of the chiefs of the Ministry of Foreign Trade. Sort of a neat chap, you know. He promised that Hungary would send the British some 18 million dollars worth of aluminum, cotton textiles, shoes, pharmaceutical products — and, note this, food.

HUNGARIAN WORKERS are existing on the lowest calory content per diem on the Continent. Now whatever chance they had of living by more than bread and potatoes alone is gone. The surplus food will go to the British. But trade is trade.

In turn, the British will send the Soviet Hungarian state corporations — chemicals, textile yarns, vehicles, machines, non-ferrous metals and rubber.

But let's not go glowering at the British alone. Apparently American merchants have been negotiating with the Hungarians, too.

You see the Budapest government has promised to send the British some quanities of pharmaceutical stuff which the Hungarians really don't have. So Medimpex, the Hungarian drug enterprise of Budapest, has been negotiating with one of America's biggest drug firms for a million dollars worth of the stuff.

This American outfit would suffer if I listed it here and I don't want to hurt the small stockholders, who have no real say in the management of the corporation.

But, through its Belgian chief, this drug firm has just signed an agreement to ship one million dollars worth of pharmaceuticals to the Hungarian government, which is really made up of several Russian tank divisions.

THUS THE GAULEITERS of Budapest whom the world has been denouncing will get material from the United States to send to London so it can get British materiel which can fit into its war machine. This, in turn, can be turned against us as well as the desperate lovers of freedom in Hungary.

Our harried State Department and special agents of Secretary Weeks' U.S. Department of Commerce know of these transactions. At least, it is presumed that they have been informed of what is happening in the tiny diplomatic community in Hungary.

The American drug firm sent its Belgian official into Budapest, to make the deal. Our State Department and its commercial attaches there surely know when the representative of a large American firm arrives.

Yet we and the British are permitting this trade with a government we have been calling terrorist, tyrannical and murderous. The least we could get is a promise that the American pharmaceuticals will help bind up the wounds of the Hungarian people.

Or does no one care?

Letters To The Editor

City Council failed to consider the appearance of our city when it placed a sewer tax a short time ago on each gallon of water we use on our flowers and gardens, an important part of a beautification program.

Why should we have to pay a penalty to do this? I have a very nice lawn, flowers and garden and hate to pay about 57 cents per thousand gallon penalty to keep them looking good.

This charge should be flexible. I would suggest that Council make the base of this charge on the winter months, such as December, February and March. Then it would be fair to all. This idea came to me when I had a leak in my water lines under our house and could not see or hear the water running. This quarter 82,000 gallons of water went through the meter. I do not object to paying for the water, but I do object to paying a sewer bill of $32 for water that did not go into the sewer.

I went to see Mr. Robinson. He was a perfect gentleman and said I would have to see the safety-service director, since I had a claim it was out of his department. My normal tax for the sewage charge has been from $3.75 to $5.

The safety-service director was on vacation, so I talked to the mayor. He said if they allowed my claim, they would have to do the same with other complaints. I feel, however, that if other people also have just claims they should be heard.

We have had a very wet summer and have not used the water as much this year, but we probably will have a much drier season next year. The people of East Liverpool who are interested in better homes and gardens should take this up with our Council and have something done about the sewage tax.

Now you are paying a penalty for every gallon you are putting on your lawn.

G. L. STONE
1313 Riverview St.

I have read many arguments pro and con about the city income tax and other things that have taken place recently.

But Mr. and Mrs. Citizen, what are we ourselves doing about the safety of our children? One evening this week just by the grace of God I missed hitting a little child, slightly more than two years old, when she darted in front of my automobile. Living on this corner, I knew the situation well and was being careful. But even at that I just missed. A stranger might have been going faster and not missed.

I don't think there is a policeman on the force who doesn't know of this situation if they drive this street or alley.

Are we going to sit by and watch these children get hurt or killed unnecessarily and have some innocent person brought into court before anything is done?

Can we call ourselves parents when we allow our babies two and three years old to play in the street when we could keep them in their yards or on the sidewalk? Or dare I ask: Do we care?

MRS. ALFRED DAILEY
457 First Ave.

This is an appeal to the potential voters of East Liverpool to register sc you may be eligible to vote in the Nov. 4 election.

If you haven't registered, do so before the deadline Sept. 24 at the County Board of Elections office on W. 6th St.

At my work, we have a unique practice. It goes like this: If a man starts arguing about a political issue or a candidate, we ask him if he voted at the last election. If he had voted, we listen to his arguments. If he didn't vote, we tell him to be quiet since his failure to vote against some issue actually constituted a vote for it. Therefore, he really voted for whatever he was opposed to.

This brings to mind again the present controversy over the city income tax. If you want to get your say in about this directly imposed tax and change it to a voting issue, you may do so by voting in November. But only if you register before Sept. 24.

Remember, we the public, have won the first two rounds in the city income tax issue. Let's not lose now through the failure of registration to vote. Let's keep this a country and city of majority rule. Register now! Vote in November!

Odd Facts

History's first flight into the stratosphere was made in 1931 when Professor Auguste Piccard, he Swiss physicist, and Charles Knipfer ascended in a balloon from Augsburg, Germany, and reached a height of 51,793 feet in a 17-hour flight that terminated on a glacier near Innsbruck, Austria.

The words of the first 10 amendments to the U. S. Constitution, known as the Bill of Rights, came from the pen of James Madison. The Bill of Rights is acknowledged to be the finest expression of simple human freedom in the history of the world.

It has been calculated that in a five-card poker game there is only one chance in 4,165 of being dealt four carls of one kind.

Issue Unresolved

By David Lawrence

Integration Unclarified By Statements

Neither the statement issued by President Eisenhower nor the one issued by Gov. Faubus of Arkansas points the way to a settlement of the "integration" controversy at Little Rock.

David Lawrence

The President is right as far as he goes in interpreting the duty of the federal government, and Gov. Faubus is right in construing the limits of the power of a state governor.

Mr. Eisenhower spoke of "the solemn duty that all Americans have to comply with the final orders of the court." But this does not solve the problem of how court decrees shall be enforced.

The President added: "Nor should we lose sight of the fact that the maintenance of order to permit compliance with the final orders of the court is the responsibility of each state."

The key words are the "maintenance of order" which, in turn, would "permit compliance" with federal court orders.

Gov. Faubus says: "I do recognize my duty to preserve the peace of the state and I shall continue to do so to the best of my ability."

So far, both the President and the governor are in agreement in interpreting the duty of a state. The issue, however, is broader. The President, for instance, says: "Each state owes to its inhabitants, to its sister states and to the Union the obligation to suppress unlawful forces."

Even this would be agreed to by the governor of any state. But the President appears to extend the obligation of state authority when he says:

"It (the state) cannot by action or deliberate failure to act permit violence to frustrate the preservation of individual rights as determined by a court decree."

THE REFERENCE in the foregoing sentence to "deliberate failure to act" is unprecedented as a definition of constitutional obligations attributed to a state governor or a state legislature.

It means, in a nutshell, that a state is required to assist the federal government in the enforcement of its court decrees.

This has never before been regarded as a legal obligation of the state, though many times state authorities have voluntarily assisted the federal government, particularly where federal property or even enforcement of a federal law was involved.

To say, on the other hand, that the federal government may act as the disciplinarian of a state is to contradict the Constitution which declares that federal forces may be used to suppress "domestic violence" in a state only when called upon by the governor or the state legislature.

The President has the right to use federal troops to suppress "insurrection" or to enforce the "laws of the United States," but no authority specifically given by Congress exists today which would permit the use of federal troops to enforce court decrees.

There is a legal distinction between a court decree and a "law of the United States."

Gov. Faubus is well aware of the limits of the legal obligation imposed upon him when he says:

"If it is the purpose of Mr. Eisenhower's statement to reaffirm his position of last fall, that it is my duty as governor to use the militia to enforce integration in any school district in this state, then I must say my position of last fall is unchanged.

"I DO NOT interpret my constitutional duties to cover any such theory as advanced by the President. I do recognize my duty to preserve the peace of the state and I shall continue to do so to the best of my ability."

There is a way available to the federal government to enforce court decrees without using troops. It is the only one provided by law. It permits a U.S. marshal to deputize any citizen as an assistant U.S. marshal.

There have been occasions when as many as 5,000 deputies have been sworn in to handle riots and other disturbances where federal court decrees were being violated.

Every citizen must under those circumstances accept service when summoned. He must, when on duty, arrest any person interfering with enforcement of any federal court decree or federal law.

This method has been disparaged by some critics as futile but it has never proved so in the past — as, for instance, at the time of the Pullman riots in Illinois during the Cleveland administration.

It is at least a civilian process, and, if it breaks down, the persons responsible for breaking it down can be prosecuted in federal courts.

BUT, EVEN WITH such methods of enforcement, the big obstacle is public sentiment.

President Eisenhower in mid-September 1957 said to a press conference: "You cannot legislate morality where human beings are involved — it must come from within."

He has repeated that comment many times since. The experience of the American people with the Eighteenth Amendment is a case in point. It was widely resisted because prohibition was unpopular. Enforcement became next to impossible.

"Resistance" need not be violent. It can be peaceable. Abraham Lincoln said in 1858 with respect to the Dred Scott Decision of the Supreme Court of the United States: "Somebody has to reverse that decision, since it is made; and we mean to reverse it, and we mean to do it peaceably."

The right of the people by peaceful means to "resist" any law or court ruling is imbedded in the Bill of Rights of the Constitution itself.

This generation has had no experience with "massive resistance" to a provision of the Constitution. The successful campaign, however, to repeal the Eighteenth Amendment in 1933 was just such a legitimate exercise of constitutional rights.

Aden Another Target

By Richard Spong

Aden, a British protectorate extending about 700 miles along the southern coast of the Arabian Peninsula—between Yemen and the Sultanate of Muscat and Oman — appears to be a high-priority target in the drive for Arab unity of President Gamal Abdel Nasser of Egypt and of the United Arab Republic.

Nasser is reported using a favorite tactic, attacking British influence in Aden on Radio Cairo. The protectorate is being called "occupied Yemen"—meaning that the territory has been stolen from Yemen—and a "device of British imperialism."

The "occupied Yemen" approach goes back to a border dispute of long standing. Even the offices of a joint British-Yemeni commission to delimit the frontier were of little avail.

As the London Economist has reported, "Yemen's frontier with the Aden protectorate has never really been marked out on the ground."

The British charge that the Yemeni have had the backing of Egypt and, on occasion, of Saudi Arabia when Imam Ahmed, the absolute ruler of Yemen, announced his state's affiliation with the United Arab Republic, March 2, his primary motive was believed to be to obtain assistance in ousting the British from Aden.

For the British, Aden is vital not as an oil producer, like little Kuwait, but as a bunkering station and trans-shipment point. Also, the Anglo-Iranian Oil Company has a refinery there, established in 1954 after the British troubles in Iran. The port of Aden is the third busiest in the British Empire, ranking after London and Liverpool.

The school integration ruling added unbearable insult to supreme injury.

Everything they say is a smokescreen to conceal the real reason for their attack, which is total and violent disagreement with the Eisenhower administration on a liberal construction of the civil rights of the American people when they come under attack.

The Eisenhower administration, backed by the Supreme Court under Chief Justice Warren, says the Constitution must be interpreted in behalf of all the people, all the time. Its opponents in both parties say the Constitution must be interpreted in behalf of people who either have the upper hand at the moment or are in a position to demand it tomorrow.

U.S. Champions!

Not too long ago the drill team of Veterans of Foreign Wars Post 66 was receiving congratulations as the champion team of its kind in the state of Ohio.

Today the team is accepting congratulations again — this time as champions of the United States!

It's a mighty imposing title and one that the post squad can wear proudly and deservedly. Championships don't come easily in any line. They represent hours of hard work and devotion to the task at hand far beyond that of ordinary endeavor.

East Liverpool once more has every reason to be bursting with pride over the team which again has brought the community national recognition.

Were there more fields to conquer in drill competition, you could be sure the crack outfit of VFW Post 66 would be catching the judges' eyes.

The Once Over

By H. I. Phillips

With Nelson Rockefeller almost a certain Republican candidate for governor of New York, and with Harriman his opponent, this will be the most open choice between multi-millionaires the poor voters have ever had.

Getting farthest north from the Horatio Alger story, the people can be stirred by the realization their candidates have never known a day's adversity or been anywhere near the bottom of the ladder.

Each could become a White House possibility as a man who, from the cradle up, knew the ordeal of having to press a button to get anything he wanted.

"I'M FOR HARRIMAN," the wife said. "As a boy he had to peddle polo ponies and shine Rolls-Royces."

"That's nothing. My man is Rockefeller," we argued. "He began life with only two butlers, refused to be depressed when down to his last four country-estates and had to patch his own society ball masquerade costumes."

"Harriman for years had to get along on three meals a day and go miles to work in the same limousine," the wife declared.

"What of it?" we asked. "Rockefeller has always had to get up before noon to begin the day's toil. He knows what it is to go to work on the coldest morning in only one fur coat and fight his way to the office in a car with the heater out of order."

"Give me a man like Harriman who has often experienced the ordeal of fighting a path from safety deposit box to safety deposit box, entirely on his own and with no guide. I remember the days when he got an entire carload of polo ponies from the Argentine to New York unassisted and without even asking for aid. He always said that any polo mallet good enough for the poor was good enough for him," insisted the little woman.

"Rockefeller has had to load his income taxes on covered wagons and make six or seven trips to Washington, unarmed and without ever losing a single bale of money on the trip," we said.

"Both boys had it rough," the missus admitted. "Whoever wins, the barefoot boy is out and the log-cabin becomes a late scratch."

THE SUMMER BEING as terrible as it was in most places, it would seem that while we failed in our shot to the moon, somebody shot the blazes out of the sun.

A TV presentation of "Ben Hur" has been dropped. Couldn't find eight horses not working in "westerns." (If presented, will the chariots have been named "His" and "HUR's"?)

When Hall withdrew from the governship race against Rockefeller he probably realized he would have trouble making the trip against super high test gas.

Jules Verne had the best break in getting a rocket to the moon. He knew paper and ink couldn't explode.

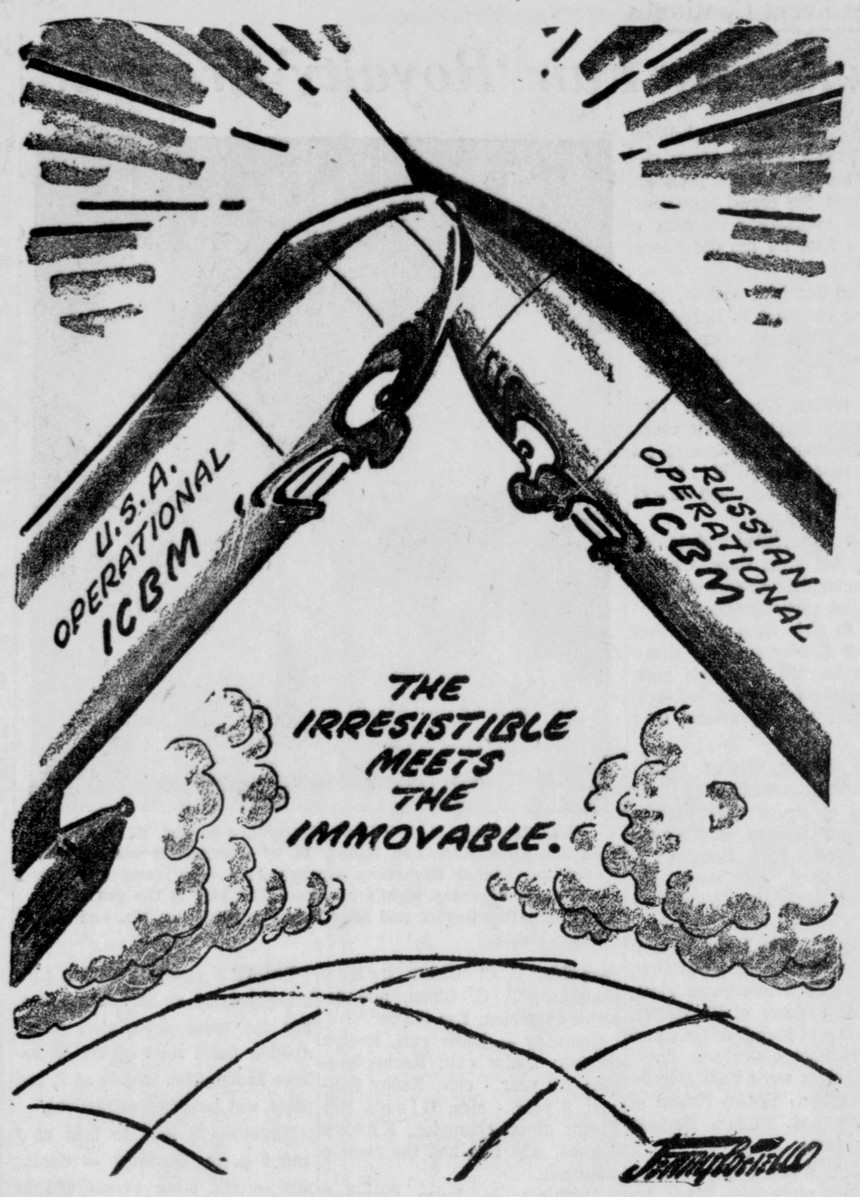

International Tel. & Tel. has a machine which can tell a boy from a girl. It was getting pretty hard but most folks would rather keep guessing.

Theater Guild produced a "western" recently. This shows that "Oklahoma" is one of those things which has its bad side. But it was like the Metropolitan Opera doing "Tobacco Road."

Stalemate!

British Deal With Red Hungary

By Victor Riesel

LONDON

Let's not be too beastly to the Hungarian machine gunners of women and kids — that is, if you don't want to irritate the British government. If you really bear down on the men who are the account executives in charge of the Budapest government for the Russian army, you may keep the British from making a few extra pounds — torn right out of the flesh of the Hungarian workers.

Victor Riesel

Apparently the British legation in Budapest doesn't take as a personal insult all the unpleasantness which resulted, you know, in the slaughter of Hungarian freedom. The legation of Her Majesty's government in the Hungarian capital has just signed a 35 million dollar trade pact with that Soviet-Communist government.

Ghoulishly enough this pact provides that the British will send Hungary this coming year material which can be converted to war equipment. The British have agreed to send neat packages of chemicals, machinery, vehicles and rubber.

FOR WEEKS NOW, while one section of the Empire's government has been deploring the tragedy which ended in the secret torture and execution of rebel leader Imre Nagy in some Romanian cellar, another office of the British government has had its representatives right in Hungary negotiating a trade deal with the very men whom the world calls murderers.

This Anglo-Hungarian trade pact was signed on July 26 in Budapest. A British diplomat by the name of J. E. Cable, commercial first secretary of the British legation in Budapest, signed for the English. With a handshake, too, no doubt.

No worry here, though. The Hungarian commercial representative had no blood on his hands. It had all been washed off.

The Hungarian's name is Bela Szilagyi, one of the chiefs of the Ministry of Foreign Trade. Sort of a neat chap, you know. He promised that Hungary would send the British some 18 million dollars worth of aluminum, cotton textiles, shoes, pharmaceutical products — and, note this, food.

HUNGARIAN WORKERS are existing on the lowest calory content per diem on the Continent. Now whatever chance they had of living by more than bread and potatoes alone is gone. The surplus food will go to the British. But trade is trade.

In turn, the British will send the Soviet Hungarian state corporations — chemicals, textile yarns, vehicles, machines, non-ferrous metals and rubber.

But let's not go glowering at the British alone. Apparently American merchants have been negotiating with the Hungarians, too.

You see the Budapest government has promised to send the British some quanities of pharmaceutical stuff which the Hungarians really don't have. So Medimpex, the Hungarian drug enterprise of Budapest, has been negotiating with one of America's biggest drug firms for a million dollars worth of the stuff.

This American outfit would suffer if I listed it here and I don't want to hurt the small stockholders, who have no real say in the management of the corporation.

But, through its Belgian chief, this drug firm has just signed an agreement to ship one million dollars worth of pharmaceuticals to the Hungarian government, which is really made up of several Russian tank divisions.

THUS THE GAULEITERS of Budapest whom the world has been denouncing will get material from the United States to send to London so it can get British materiel which can fit into its war machine. This, in turn, can be turned against us as well as the desperate lovers of freedom in Hungary.

Our harried State Department and special agents of Secretary Weeks' U.S. Department of Commerce know of these transactions. At least, it is presumed that they have been informed of what is happening in the tiny diplomatic community in Hungary.

The American drug firm sent its Belgian official into Budapest, to make the deal. Our State Department and its commercial attaches there surely know when the representative of a large American firm arrives.

Yet we and the British are permitting this trade with a government we have been calling terrorist, tyrannical and murderous. The least we could get is a promise that the American pharmaceuticals will help bind up the wounds of the Hungarian people.

Or does no one care?

Letters To The Editor

City Council failed to consider the appearance of our city when it placed a sewer tax a short time ago on each gallon of water we use on our flowers and gardens, an important part of a beautification program.

Why should we have to pay a penalty to do this? I have a very nice lawn, flowers and garden and hate to pay about 57 cents per thousand gallon penalty to keep them looking good.

This charge should be flexible. I would suggest that Council make the base of this charge on the winter months, such as December, February and March. Then it would be fair to all. This idea came to me when I had a leak in my water lines under our house and could not see or hear the water running. This quarter 82,000 gallons of water went through the meter. I do not object to paying for the water, but I do object to paying a sewer bill of $32 for water that did not go into the sewer.

I went to see Mr. Robinson. He was a perfect gentleman and said I would have to see the safety-service director, since I had a claim it was out of his department. My normal tax for the sewage charge has been from $3.75 to $5.

The safety-service director was on vacation, so I talked to the mayor. He said if they allowed my claim, they would have to do the same with other complaints. I feel, however, that if other people also have just claims they should be heard.

We have had a very wet summer and have not used the water as much this year, but we probably will have a much drier season next year. The people of East Liverpool who are interested in better homes and gardens should take this up with our Council and have something done about the sewage tax.

Now you are paying a penalty for every gallon you are putting on your lawn.

G. L. STONE
1313 Riverview St.

I have read many arguments pro and con about the city income tax and other things that have taken place recently.

But Mr. and Mrs. Citizen, what are we ourselves doing about the safety of our children? One evening this week just by the grace of God I missed hitting a little child, slightly more than two years old, when she darted in front of my automobile. Living on this corner, I knew the situation well and was being careful. But even at that I just missed. A stranger might have been going faster and not missed.

I don't think there is a policeman on the force who doesn't know of this situation if they drive this street or alley.

Are we going to sit by and watch these children get hurt or killed unnecessarily and have some innocent person brought into court before anything is done?

Can we call ourselves parents when we allow our babies two and three years old to play in the street when we could keep them in their yards or on the sidewalk? Or dare I ask: Do we care?

MRS. ALFRED DAILEY
457 First Ave.

This is an appeal to the potential voters of East Liverpool to register so you may be eligible to vote in the Nov. 4 election.

If you haven't registered, do so before the deadline Sept. 24 at the County Board of Elections office on W. 6th St.

At my work, we have a unique practice. It goes like this: If a man starts arguing about a political issue or a candidate, we ask him if he voted at the last election. If he had voted, we listen to his arguments. If he didn't vote, we tell him to be quiet since his failure to vote against some issue actually constituted a vote for it. Therefore, he really voted for whatever he was opposed to.

This brings to mind again the present controversy over the city income tax. If you want to get your say in about this directly imposed tax and change it to a voting issue, you may do so by voting in November. But only if you register before Sept. 24.

Remember, we the public, have won the first two rounds in the city income tax issue. Let's not lose now through the failure of registration to vote. Let's keep this a country and city of majority rule. Register now! Vote in November!

Odd Facts

History's first flight into the stratosphere was made in 1931 when Professor Auguste Piccard, he Swiss physicist, and Charles Knipfer ascended in a balloon from Augsburg, Germany, and reached a height of 51,793 feet in a 17-hour flight that terminated on a glacier near Innsbruck, Austria.

The words of the first 10 amendments to the U. S. Constitution, known as the Bill of Rights, came from the pen of James Madison. The Bill of Rights is acknowledged to be the finest expression of simple human freedom in the history of the world.

It has been calculated that in a five-card poker game there is only one chance in 4,165 of being dealt four cards of one kind.

Issue Unresolved

By David Lawrence

Integration Unclarified By Statements

Neither the statement issued by President Eisenhower nor the one issued by Gov. Faubus of Arkansas points the way to a settlement of the "integration" controversy at Little Rock.

David Lawrence

The President is right as far as he goes in interpreting the duty of the federal government, and Gov. Faubus is right in construing the limits of the power of a state governor.

Mr. Eisenhower spoke of "the solemn duty that all Americans have to comply with the final orders of the court." But this does not solve the problem of how court decrees shall be enforced.

The President added: "Nor should we lose sight of the fact that the maintenance of order to permit compliance with the final orders of the court is the responsibility of each state."

The key words are the "maintenance of order" which, in turn, would "permit compliance" with federal court orders.

Gov. Faubus says: "I do recognize my duty to preserve the peace of the state and I shall continue to do so to the best of my ability."

So far, both the President and the governor are in agreement in interpreting the duty of a state. The issue, however, is broader. The President, for instance, says: "Each state owes to its inhabitants, to its sister states and to the Union the obligation to suppress unlawful forces."

Even this would be agreed to by the governor of any state. But the President appears to extend the obligation of state authority when he says:

"It (the state) cannot by action or deliberate failure to act permit violence to frustrate the preservation of individual rights as determined by a court decree."

THE REFERENCE in the foregoing sentence to "deliberate failure to act" is unprecedented as a definition of constitutional obligations attributed to a state governor or a state legislature.

It means, in a nutsheil, that a state is required to assist the federal government in the enforcement of its court decrees.

This has never before been regarded as a legal obligation of the state, though many times state authorities have voluntarily assisted the federal government, particularly where federal property or even enforcement of a federal law was involved.

To say, on the other hand, that the federal government may act as the disciplinarian of a state is to contradict the Constitution which declares that federal forces may be used to suppress "domestic violence" in a state only when called upon by the governor or the state legislature.

The President has the right to use federal troops to suppress "insurrection" or to enforce the "laws of the United States," but no authority specifically given by Congress exists today which would permit the use of federal troops to enforce court decrees.

There is a legal distinction between a court decree and a "law of the United States."

Gov. Faubus is well aware of the limits of the legal obligation imposed upon him when he says:

"If it is the purpose of Mr. Eisenhower's statement to reaffirm his position of last fall, that it is my duty as governor to use the militia to enforce integration in any school district in this state, then I must say my position of last fall is unchanged.

"I DO NOT interpret my constitutional duties to cover any such theory as advanced by the President. I do recognize my duty to preserve the peace of the state and I shall continue to do so to the best of my ability."

There is a way available to the federal government to enforce court decrees without using troops. It is the only one provided by law. It permits a U.S. marshal to deputize any citizen as an assistant U.S. marshal.

There have been occasions when as many as 5,000 deputies have been sworn in to handle riots and other disturbances where federal court decrees were being violated.

Every citizen must under those circumstances accept service when summoned. He must, when on duty, arrest any person interfering with enforcement of any federal court decree or federal law.

This method has been disparaged by some critics as futile but it has never proved so in the past — as, for instance, at the time of the Pullman riots in Illinois during the Cleveland administration.

It is at least a civilian process, and, if it breaks down, the persons responsible for breaking it down can be prosecuted in federal courts.

BUT, EVEN WITH such methods of enforcement, the big obstacle is public sentiment.

President Eisenhower in mid-September 1957 said to a press conference: "You cannot legislate morality where human beings are involved — it must come from within."

He has repeated that comment many times since. The experience of the American people with the Eighteenth Amendment is a case in point. It was widely resisted because prohibition was unpopular. Enforcement became next to impossible.

"Resistance" need not be violent. It can be peaceable. Abraham Lincoln said in 1858 with respect to the Dred Scott Decision of the Supreme Court of the United States: "Somebody has to reverse that decision, since it is made; and we mean to reverse it, and we mean to do it peaceably."

The right of the people by peaceful means to "resist" any law or court ruling is imbedded in the Bill of Rights of the Constitution itself.

This generation has had no experience with "massive resistance" to a provision of the Constitution. The successful campaign, however, to repeal the Eighteenth Amendment in 1933 was just such a legitimate exercise of constitutional rights.

Aden Another Target

By Richard Spong

Aden, a British protectorate extending about 700 miles along the southern coast of the Arabian Peninsula—between Yemen and the Sultanate of Muscat and Oman — appears to be a high-priority target in the drive for Arab unity of President Gamal Abdel Nasser of Egypt and of the United Arab Republic.

Nasser is reported using a favorite tactic, attacking British influence in Aden on Radio Cairo. The protectorate is being called "occupied Yemen"—meaning that the territory has been stolen from Yemen—and a "device of British imperialism."

The "occupied Yemen" approach goes back to a border dispute of long standing. Even the offices of a joint British-Yemeni commission to delimit the frontier were of little avail.

As the London Economist has reported, "Yemen's frontier with the Aden protectorate has never really been marked out on the ground."

The British charge that the Yemeni have had the backing of Egypt and, on occasion, of Saudi Arabia when Imam Ahmed, the absolute ruler of Yemen, announced his state's affiliation with the United Arab Republic, March 2, his primary motive was believed to be to obtain assistance in ousting the British from Aden.

For the British, Aden is vital not as an oil producer, like little Kuwait, but as a bunkering station and trans-shipment point. Also, the Anglo-Iranian Oil Company has a refinery there, established in 1954 after the British troubles in Iran. The port of Aden is the third busiest in the British Empire, ranking after London and Liverpool.

Final Action Scheduled On Education Bill

WASHINGTON (AP) — A 900-million-dollar aid to education bill born out of America's concern over Soviet scientific advances, was ready today for final congressional action.

The Senate was due to act first on the compromise four-year program providing 295 million dollars for college sudent loans and $59,400,000 for fellowships.

In agreeing on the compromise Thursday, a Senate-House conference committee omitted any provision for scholarship grants which had been urged by the Eisenhower administration.

The Senate had voted a $1,300,000,000 program containing both scholarship and loan funds. The House had passed a 910-million-dollar bill providing for student loans, but no scholarships.

The bill, as worked out by the conferees, would make available 300 million dollars to the states on a matching basis for science teaching equipment and administration.

Funds also would be earmarked for such purposes as foreign language training institutes; guidance, counseling and testing; vocational education, and research and experiment in new methods of teaching.

Man Finds Wheels Of Justice Move Fast

MONTREAL (AP) — Ferdinand Turgeon walloped his wife Thursday and within 30 minutes stood convicted of wife-beating.

The wheels of justice moved so fast because the 30-year-old man did the beating in the entrance hall of the Criminal Courthouse in full view of two policemen.

Turgeon and his tiny, 23-year-old wife had come to the courthouse to see her lawyer. The husband already was awaiting sentence on charges of beating their three children.

Final Action Scheduled On Education Bill

WASHINGTON (AP) — A 900-million-dollar aid to education bill born out of America's concern over Soviet scientific advances, was ready today for final congressional action.

The Senate was due to act first on the compromise four-year program providing 295 million dollars for college sudent loans and $59,400,000 for fellowships.

In agreeing on the compromise Thursday, a Senate-House conference committee omitted any provision for scholarship grants which had been urged by the Eisenhower administration.

The Senate had voted a $1,300,000,000 program containing both scholarship and loan funds. The House had passed a 910-million-dollar bill providing for student loans, but no scholarships.

The bill, as worked out by the conferees, would make available 300 million dollars to the states on a matching basis for science teaching equipment and administration.

Funds also would be earmarked for such purposes as foreign language training institutes; guidance, counseling and testing; vocational education, and research and experiment in new methods of teaching.

Man Finds Wheels Of Justice Move Fast

MONTREAL (AP) — Ferdinand Turgeon walloped his wife Thursday and within 30 minutes stood convicted of wife-beating.

The wheels of justice moved so fast because the 30-year-old man did the beating in the entrance hall of the Criminal Courthouse in full view of two policemen.

Turgeon and his tiny, 23-year-old wife had come to the courthouse to see her lawyer. The husband already was awaiting sentence on charges of beating their three children.

Young GOP Head Raps Democrats About Labor Bill

ST. LOUIS (AP)—John M. Ashbrook, national president of the Young Republican Federation, says defeat of the labor reform bill in Congress shows "that a Democratic congress has no intention of cleaning up abuses by labor racketeers."

Ashbrook, a newspaper publisher of Johnstown, Ohio, spoke Thursday at the first of a series of rallies in the St. Louis area sponsored by the Young Republicans.

Ashbrook charged the bill was kept bottled up for 40 days "until it was too late to give it honest, thoughtful consideration."

DeGaulle Says Colonies Can Leave Union

TANANARIVE, Madagascar (AP) —Premier de Gaulle today bluntly told Madagascar and all other French colonies that they can leave the French Union as independent nations before the end of 1958 if their peoples so desire.

De Gaulle, starting a swing through France's African territories, told Madagascans that the test of their desire will be their vote in the Sept. 28 referendum on his proposed new French constitution.

The referendum, he told a special joint session of the island's representative Assembly, will offer all peoples in the French Union a chance to decide their own future.

A majority vote against the constitution, he continued, "will mean that Madagascar no longer wishes to be associated with France . . . and the French government will draw the appropriate conclusions."

The implication was that secession would mean an end to French financial support, essential to the economy of the big island off the southeast coast of Africa.

De Gaulle did not specifically include or exclude rebellious Algeria in his promise of independence if wanted. Algeria is technically a colony but a part of metropolitan France.

July Shows Declines For City Business

Postal Receipts And Sales Tax Reflect Drops Under June

Business took a nosedive in the East Liverpool area in July after showing moderate increases in the two previous months, the monthly business summary of the Chamber of Commerce showed today.

The survey reflected a decline in 9 of 13 indices with the greatest slump in sales tax receipts, which dropped 48 per cent below the June figure.

The receipts, generally used as a barometer of retail sales, dropped to $42,527 last month against $81,746 in June.

The industrial payroll in 11 factories dropped from $1,161.889 in June to $887,559 in July, down 23.6 percent, while the average monthly employment in the factories was down 2½ per cent. It dropped to 4,236 last month from June's 4,343.

Most potteries and some other industries shut plants for vacations for various periods last month.

Bank clearings declined 3.2 per cent from $3,450,842 in June to $3,342,055 last month while bank debits increased 8.4 per cent, showing $23,656,577 last month compared to $21,829,459 in June.

Postal receipts decreased from $15,825 in June to $13,833 in July, a decline of 12.6 per cent.

In Ohio river traffic, the number of towboats and the total tonnage also declined. The number of boats dropped 6 per cent from 467 in June to 439 last month while the tonnage went from 1,440,450 in June to 1,096,800 last month.

New car registrations dropped 3.3 per cent but the sale of other vehicles and used cars showed slight gains.

The number of new registrations declined from 246 in June to 238 last month. Registration of other vehicles went from 30 in June to 32 in July, an increase of 6.7 per cent and used car sales climbed 4 per cent from 2,500 in June to 2,600 last month.

Both inbound and outbound railroad carloadings also registered decreases. Inbound carloadings dropped from 277 in June to 233 last month, a decline of 15.9 per cent. Outbound carloadings in July were 230 as against 247 in June, a drop of 6.9 per cent.

Parking meter receipts continued to show an increase with collections totaling $6,352 in July compared to $5,262 in June, a gain of 20.7 per cent.

The only decline that cast a cheerful note was in the number of city relief cases. It dropped 3.5 per cent from an average of 115 in June to 111 last month.

More than one-third of all divorces are obtained during the first five years of marriage.

dollars for the civil service retirement fund. He said the payment was unnecessary.

The target date for adjournment remained Saturday night. But first Congress must dispose of these major pieces of legislation, among others:

1. Foreign Aid — The House passed a bill calling for $3,078,000,000 in military and economic help to other nations this year. The Senate Appropriations Committee, taking up the measure after eruption of the Middle East crisis, boosted the amount to $3,518,092,500. But this still is 432 million dollars below the amount originally requested by the President.

2. Debt Ceiling—The administration, faced with mounting red ink spending, asked Congress to increase the federal debt limit — now temporarily 280 billion dollars — to 288 billions through June 30, 1960.

The House agreed to the request, but the Senate Finance Committee voted to allow the 288 billion ceiling only through next June 30. The House and the Senate committee also differed on how much the permanent ceiling — now 275 billions — should be boosted. The House voted for 285 billions, the Senate committee for 283 billions.

There was no time to save clothing or furnishings and all was destroyed.

A relative, Mrs. Mary Jane Reed, appealed for help for the family. She said anyone with clothing or furniture to donate may phone her at CY. 3-4106.

Program Suggestions For PTA Meetings

At a PTA meeting, most parents hope to hear about easier ways for their children at school, and of more ways for these parents to escape home responsibilities for these children. I propose one or several PTA programs this coming fall built around ways for parents to cause their children to be better citizens at home, at school and in the neighborhood.

By Garry Meyers

—:—

LOGICALLY, this program would lead to considering ways and means of more effective discipline of the child at home, beginning in his early years and training him in respect for the rights of other persons and regard for constituted authority anywhere.

It would lead to discussion of better home education in self-reliance and responsibility. It would face the need of requiring the school child to do promptly at home some definite chores, to do homework faithfully as soon as it begins, and to conform to reasonable family routines and regulations.

This program would face reality. It would consider ways for making children do many desirable things at home which they would rather not do; ways of educating them to work hard with their hands and heads.

There might be a panel discussion, or a speaker who had convictions about some of the old, almost forgotten, virtues such as effort, hard work and parental control.

Such a program would depart from the pap with which so many parents have been fed for years, which look for escapes from responsibilities for themselves and their children.

IT'S MY guess that the PTA, which for more than a quarter of a century has been a sounding board for propaganda on excessive permissiveness, will become, by and by, the forum from which will be proclaimed more and more of the foundations for building character and citizenship at home.

No need there be a lessening of the gains from years of emphasis on home understanding and love and family enjoyments. These can more easily grow when love is balanced with adequate home restraints and requirements.

My bulletins "Love and Restraint" and "Responsibility" may be held by sending a self - addressed, stamped envelope to me in care of this newspaper.

Corpse Identified As Serviceman's Widow

HONOLULU (AP) — A corpse, deceptively youthful appearing because of silver blonde hair, has been identified as that of the widow of a serviceman.

Police said the nude body—found strangled with its owner's pink panties—was identified by a caretaker at her apartment house as Mrs. Helen M. Peoples, 55.

The woman apparently had fought fiercely. Her face was badly battered.

Police said they had no motive or suspect.

Council Will Meet

SALINEVILLE — Maintenance of Woodland Cemetery and sewer problems will be discussed at a meeting of Council Monday night at 7:30, Mayor Karl Lindner announced.

Senate Kills Bill Aimed At Curbing Court's Power

WASHINGTON (AP)—By a one-vote margin, Congress members who wanted to hand the Supreme Court a major legislative rebuff have been defeated.

The bitter battle reached a climax in the Senate Thursday night. A 41-40 vote killed a bill designed to prevent the court from striking down state laws not in direct conflict with federal laws on the same subject.

The vote came on a motion of Sen. John J. Carroll (D-Colo) to send the measure back to the Senate Judiciary Committee.

Twenty-seven Democrats and 14 Republicans teamed up to put the motion across. Voting in opposition were 17 Democrats and 23 Republicans. The count was tied at 40-40 when Sen. Wallace F. Bennett (R-Utah) cast the decisive vote.

The House passed the bill last month by a 240-155 vote, ignoring warnings that President Eisenhower might veto it.

The bill provided that federal laws should not supersede state laws in the same field unless Congress said so or unless there was a direct and irreconcilable conflict between them.

It also contained a provision specifically restoring to the states the right to enforce their own antisubversive laws—a section designed to overcome the effect of the Supreme Court's decision in the Steve Nelson case.

Nelson, a Pennsylvania Communist leader, was convicted under a state sedition law. The Supreme Court reversed the conviction on the ground that Congress had assumed jurisdiction in the field by enacting the Smith Act and other anti-Communist laws. The sedition laws of 42 states were invalidated by the ruling.

Before Thursday night's vote, the Senate was locked in dispute for three days over legislation aimed at recent decisions of the Supreme Court.

During the battle, it killed off by a 49-41 vote a bill to curb the review powers of the Supreme Court and to undo the effects of decisions in several Communist cases.

Program Suggestions For PTA Meetings

At a PTA meeting, most parents hope to hear about easier ways for their children at school, and of more ways for these parents to escape home responsibilities for these children. I propose one or several PTA programs this coming fall built around ways for parents to cause their children to be better citizens at home, at school and in the neighborhood.

By Garry Meyers

—:—

LOGICALLY, this program would lead to considering ways and means of more effective discipline of the child at home, beginning in his early years and training him in respect for the rights of other persons and regard for constituted authority anywhere.

It would lead to discussion of better home education in self-reliance and responsibility. It would face the need of requiring the school child to do promptly at home some definite chores, to do homework faithfully as soon as it begins, and to conform to reasonable family routines and regulations.

This program would face reality. It would consider ways for making children do many desirable things at home which they would rather not do; ways of educating them to work hard with their hands and heads.

There might be a panel discussion, or a speaker who had convictions about some of the old, almost forgotten, virtues such as effort, hard work and parental control.

Such a program would depart from the pap with which so many parents have been fed for years, which look for escapes from responsibilities for themselves and their children.

IT'S MY guess that the PTA, which for more than a quarter of a century has been a sounding board for propaganda on excessive permissiveness, will become, by and by, the forum from which will be proclaimed more and more of the foundations for building character and citizenship at home.

No need there be a lessening of the gains from years of emphasis on home understanding and love and family enjoyments. These can more easily grow when love is balanced with adequate home restraints and requirements.

My bulletins "Love and Restraint" and "Responsibility" may be held by sending a self - addressed, stamped envelope to me in care of this newspaper.

Senate Kills Bill Aimed At Curbing Court's Power

WASHINGTON (AP)—By a one-vote margin, Congress members who wanted to hand the Supreme Court a major legislative rebuff have been defeated.

The bitter battle reached a climax in the Senate Thursday night. A 41-40 vote killed a bill designed to prevent the court from striking down state laws not in direct conflict with federal laws on the same subject.

The vote came on a motion of Sen. John J. Carroll (D-Colo) to send the measure back to the Senate Judiciary Committee.

Twenty-seven Democrats and 14 Republicans teamed up to put the motion across. Voting in opposition were 17 Democrats and 23 Republicans. The count was tied at 40-40 when Sen. Wallace F. Bennett (R-Utah) cast the decisive vote.

The House passed the bill last month by a 240-155 vote, ignoring warnings that President Eisenhower might veto it.

The bill provided that federal laws should not supersede state laws in the same field unless Congress said so or unless there was a direct and irreconcilable conflict between them.

It also contained a provision specifically restoring to the states the right to enforce their own antisubversive laws—a section designed to overcome the effect of the Supreme Court's decision in the Steve Nelson case.

Nelson, a Pennsylvania Communist leader, was convicted under a state sedition law. The Supreme Court reversed the conviction on the ground that Congress had assumed jurisdiction in the field by enacting the Smith Act and other anti-Communist laws. The sedition laws of 42 states were invalidated by the ruling.

Before Thursday night's vote, the Senate was locked in dispute for three days over legislation aimed at recent decisions of the Supreme Court.

During the battle, it killed off by a 49-41 vote a bill to curb the review powers of the Supreme Court and to undo the effects of decisions in several Communist cases.

Corpse Identified As Serviceman's Widow

HONOLULU (AP) — A corpse, deceptively youthful appearing because of silver blonde hair, has been identified as that of the widow of a serviceman.

Police said the nude body—found strangled with its owner's pink panties—was identified by a caretaker at her apartment house as Mrs. Helen M. Peoples, 55.

The woman apparently had fought fiercely. Her face was badly battered.

Police said they had no motive or suspect.

Council Will Meet

SALINEVILLE — Maintenance of Woodland Cemetery and sewer problems will be discussed at a meeting of Council Monday night at 7:30, Mayor Karl Lindner announced.

A Lament For Television Critics

The Fund for the Republic is making a survey of television critics, trying to measure their effectiveness and usefulness, if any. It might have been a useful project once, but today it's pretty much like examining the potentialities of the iron horse.

John Crosby

It's not that railroads have disappeared exactly, but the day of their greatest importance to the nation is not exactly now.

As for the television critics, they are already more vestigial than the iron horse and fast approaching the status of the covered wagon. Already they are beginning to disappear and in a few years you may find their whitened bones in the Museum of Natural History right alongside the eohippus.

-:-

ONE OF THE latest to give up is Jack Mabley, who once was TV critic of the Chicago Daily News and more recently in a much more specialized sense of "Down Beat."

"I'm going to abuse the first person singular more than usual in this essay," he wrote, "because it's my last column as a television critic. It would have been 10 solid years if I had held out a few more months, but I won't. I quit. . .

"After particularly depressed evenings of viewing I have often felt that television will turn us into a nation of meatheads. From my present perspective I don't worry about that much.

"The gunks who sit in front of that screen four hours every night watching every bit of garbage that comes in front of them would be reading 'True Confessions' or playing pool or would be stretched out on a couch if they weren't watching television. Nothing gained, but nothing lost.

-:-

"IN THE LAST few years the experimenters have been slapped down or forced into the mold and the industry now is basically an advertising enterprise. This is not intended to connote an evil thing, but certainly it implies that accomplishment is measured by financial rather than by creative achievement.

"As for other professional critics who have been at it for 5 or 8 or 10 years, I don't see how they stand it."

Well, they're not standing up well and by the time the Fund for the Republic gets around to issuing that report the TV critic may have the curiosity value of the whooping crane. We'll disappear for the same reasons. Our nesting sites have been destroyed.

-:-

JUST LAST WEEK, Wolcott Gibbs, the distinguished drama critic of the New Yorker, died unexpectedly. On the whole it was not a good week for critics.

Mr. Gibbs, who very kindly had written several guest columns for me, was a stylist of fiercely individual tastes and discernments who wrote marvellously graceful and scorching sentences.

He never hesitated to call Shakespeare a bore if he felt like it, which was often; his enthusiasms were frequently unorthodox but staunchly defended; and he was incessantly retiring.

Seems as if every time I saw Gibbs he announced himself on the threshold of retirement from drama criticism but he was still more or less in harness at the end.

Briefly during the war, he tried movie criticism but it didn't last long. He left the field to others with a last outraged blast in which he declaimed that motion pictures simply defied intelligent analysis.

At the time he wrote that, I believe such a conclusion was the only one possible to a critic of Gibbs' stature. I don't think the situation still persists A good many movies today, spurred by television, are well worth criticism.

-:-

SO PERHAPS there is hope for us in television. Perhaps it is a passing phase. I remember when there were 10 or 12 hour-long drama shows on the air a week and you could write a little essay, pointing out trends in dramatic themes, styles in acting and all sorts of other reasonably critical efforts.

Today all that's left is a comparison of the styles of Jack Linkletter and Hal March, or maybe Bud Collyer and Johnny Carson.

In short, they are driving the critics out of the field by simply cropping all the grass off it.

The critics are being starved out. In television columns today, you'll find gossip, or interviews, or personalities, or chit chat or most everything except criticism. But we had our day once, and perhaps — who knows? — they'll invent a new medium which will be so terrible it will drive TV on to higher ground as TV drove the movies there.

WHAT DOCTORS SAY ABOUT:
Better Health Through Knowledge

● Dirt Eaters ● Smoking ● Low Blood Sugar

Q. Why do some children eat dirt?
A. Doctors aren't sure. They call it "pica", meaning perverted appetite with special fondness for dirt. Fortunately, the habit usually stops before too long.

Q. If the mother smokes will her unborn child be injured?
A. The amount of nicotine that gets to the unborn child when the mother smokes has not been determined. The baby's heart does speed up when the mother smokes and this may be harmful. One medical authority says that until more is known it is best for prospective mothers to smoke very little or not at all.

Q. "Please explain low blood sugar.—O.G."
A. Low blood sugar in persons who are not taking insulin is rarely due to serious disorders. Many otherwise healthy persons may have temporary reduction in blood sugar. This is especially noticeable several hours after a sugary meal. When such food is being absorbed, blood sugar increases rapidly. Insulin is secreted to "burn" the sugar. Sometimes, more insulin is secreted than is needed which causes a shortage of blood sugar. The person may become irritable, nervous, or even temporarily weak. Such a chain of events is especially common in children, and is responsible for the need for frequent feedings. Adults, too, who respond in this way to sweet foods often find that they are more comfortable with several small meals a day.

Material in MEDICAL MIRROR is based on various scientific publications and does not necessarily reflect the opinion of all doctors. ***The diagnosis and treatment of disease requires the skill and knowledge which only a physician can apply by personally attending the patient.***

A Lament For Television Critics

The Fund for the Republic is making a survey of television critics, trying to measure their effectiveness and usefulness, if any.

John Crosby

It might have been a useful project once, but today it's pretty much like examining the potentialities of the iron horse.

It's not that railroads have disappeared exactly, but the day of their greatest importance to the nation is not exactly now.

As for the television critics, they are already more vestigial than the iron horse and fast approaching the status of the covered wagon. Already they are beginning to disappear and in a few years you may find their whitened bones in the Museum of Natural History right alongside the eohippus.

-:-

ONE OF THE latest to give up is Jack Mabley, who once was TV critic of the Chicago Daily News and more recently in a much more specialized sense of "Down Beat."

"I'm going to abuse the first person singular more than usual in this essay," he wrote, "because it's my last column as a television critic. It would have been 10 solid years if I had held out a few more months, but I won't. I quit. . .

"After particularly depressed evenings of viewing I have often felt that television will turn us into a nation of meatheads. From my present perspective I don't worry about that much.

"The gunks who sit in front of that screen four hours every night watching every bit of garbage that comes in front of them would be reading 'True Confessions' or playing pool or would be stretched out on a couch if they weren't watching television. Nothing gained, but nothing lost.

-:-

"IN THE LAST few years the experimenters have been slapped down or forced into the mold and the industry now is basically an advertising enterprise. This is not intended to connote an evil thing, but certainly it implies that accomplishment is measured by financial rather than by creative achievement.

"As for other professional critics who have been at it for 5 or 8 or 10 years, I don't see how they stand it."

Well, they're not standing up well and by the time the Fund for the Republic gets around to issuing that report the TV critic may have the curiosity value of the whooping crane. We'll disappear for the same reasons. Our nesting sites have been destroyed.

-:-

JUST LAST WEEK, Wolcott Gibbs, the distinguished drama critic of the New Yorker, died unexpectedly. On the whole it was not a good week for critics.

Mr. Gibbs, who very kindly had written several guest columns for me, was a stylist of fiercely individual tastes and discernments who wrote marvellously graceful and scorching sentences.

He never hesitated to call Shakespeare a bore if he felt like it, which was often; his enthusiasms were frequently unorthodox but staunchly defended; and he was incessantly retiring.

Seems as if every time I saw Gibbs he announced himself on the threshold of retirement from drama criticism but he was still more or less in harness at the end.

Briefly during the war, he tried movie criticism but it didn't last long. He left the field to others with a last outraged blast in which he declaimed that motion pictures simply defied intelligent analysis.

At the time he wrote that, I believe such a conclusion was the only one possible to a critic of Gibbs' stature. I don't think the situation still persists A good many movies today, spurred by television, are well worth criticism.

-:-

SO PERHAPS there is hope for us in television. Perhaps it is a passing phase. I remember when there were 10 or 12 hour-long drama shows on the air a week and you could write a little essay, pointing out trends in dramatic themes, styles in acting and all sorts of other reasonably critical efforts.

Today all that's left is a comparison of the styles of Jack Linkletter and Hal March, or maybe Bud Collyer and Johnny Carson.

In short, they are driving the critics out of the field by simply cropping all the grass off it.

The critics are being starved out. In television columns today, you'll find gossip, or interviews, or personalities, or chit chat or most everything except criticism. But we had our day once, and perhaps — who knows? — they'll invent a new medium which will be so terrible it will drive TV on to higher ground as TV drove the movies there.

WHAT DOCTORS SAY ABOUT:
Better Health Through Knowledge

● Dirt Eaters ● Smoking ● Low Blood Sugar

Q. Why do some children eat dirt?
A. Doctors aren't sure. They call it "pica", meaning perverted appetite with special fondness for dirt. Fortunately, the habit usually stops before too long.

Q. If the mother smokes will her unborn child be injured?
A. The amount of nicotine that gets to the unborn child when the mother smokes has not been determined. The baby's heart does speed up when the mother smokes and this may be harmful. One medical authority says that until more is known it is best for prospective mothers to smoke very little or not at all.

Q. "Please explain low blood sugar.—O.G."
A. Low blood sugar in persons who are not taking insulin is rarely due to serious disorders. Many otherwise healthy persons may have temporary reduction in blood sugar. This is especially noticeable several hours after a sugary meal. When such food is being absorbed, blood sugar increases rapidly. Insulin is secreted to "burn" the sugar. Sometimes, more insulin is secreted than is needed which causes a shortage of blood sugar. The person may become irritable, nervous, or even temporarily weak. Such a chain of events is especially common in children, and is responsible for the need for frequent feedings. Adults, too, who respond in this way to sweet foods often find that they are more comfortable with several small meals a day.

Material in MEDICAL MIRROR is based on various scientific publications and does not necessarily reflect the opinion of all doctors. ***The diagnosis and treatment of disease requires the skill and knowledge which only a physician can apply by personally attending the patient.***

Bright, Sunny Skies Promised

Ohio's Fair Opens Today

COLUMBUS, Ohio (AP) — The forecast originally was for showers, but the weatherman remembered at the last minute that thousands of people were counting on him. So he released the rain lever, pushed in the sunshine button and presto!

A promise of bright, sunny skies for today's opening of the 104th Ohio State Fair.

Actually, it was a little cool in the morning—in the upper 60s and low 70s until around noon—but there were plenty of attractions to take the visitors' minds off the chlil.

At 6 a.m., for example, there was the ribbon-cutting ceremony that officially opened this year's mammoth fair. Gov. C. William O'Neill did the honors.

At 8 a. m., visitors breakfasted at the Youth Center and then took in draft horse judging at the Coliseum.

Free kiddie cartoons were on tap at The Little Theater for children under 14 from 9 a.m. until noon. Adults could promenade around inspecting the endless displays or watch a baton twirling contest outside The Little Theater at 9:30.

Noon ceremonies honored Benjamin Harrison, one of eight presidents from Ohio to be honored during the eight-day fair. From 12:30 until 1:30 visitors could see the Campfire Girls' style show at the Youth Center or watch the selection of the junior fair queen, among other things.

The big show started at 1:30.

On stage in the grandstand arena were a parade of celebrities including Tommy Sands. Erin O'Brien, Sky King & Penny, Gabby Hayes, Ben (Dragnet) Alexander, the June Taylor Dancers and the Jimmy Dorsey orchestra.

They're only a few of the 17 top name acts ready to entertain fairgoers. Others include Steubenville-born Dean Martin, Dennis Day, Ted Lewis, Molly Bee, the Vagabonds, George Gobel, Lee Castle, Johnny Cash, Smiley Burnette and the Lennon Sisters.

Along with the professional entertainment, there will be livestock judging, industrial and farm displays, contests, dancing, 4-H and FFA shows, band concerts, harness racing and a professional football game.

With the weatherman's help, officials are confident attendance will swell well beyond last year's 301,817.

Library Acquires Omnibus Book Of Fosdick Sermons

The greatest sermons of Harry Emerson Fosdick have just been published in an Omnibus Edition containing 40 of his Sunday messages among new books at the Carnegie Public Library.

The cogent thinking of this dynamic Christian leader on subjects ranging from mental health and physical handicaps to burning issues of politics are included. The volume is aptly titled "Riverside Sermons."

The Rev. G. Ray Jordan, a professor in Emory University in Georgia, discusses the cultivation of a spiritual skill in "Prayer that Prevails." The principles of philosophy are reduced to their most understandable terms by a Sorbonne professor, Jean Guitton, in "Make Your Mind Work for You."

Only occasionally do childhood reminiscences acquire the flavor of real art, but Elizabeth Kirtland in "Buttons In the Back" has contrived a real cameo from yesterday.

Seven - year - old "Ortrud" lived in the days of hair ribbons, sashes and rear buttons and the reader shares with her all the illusions, despairs and triumphs of a 7-year-old who was the youngest in a family of 10. Dealing also with the child's world but in a more serious vein is "Jonathan Found" by Cecil Maiden. The tribulations of an orphan raised in the Orient but adopted by American parents who live in New York make a moving tale.

The surest formula for the success of a novel is to write about the medical profession. On this basis alone Charles Mergendahl's "Bramble Bush" should be a success, but his deft handling of New England concepts of morality render a really fine plot. A thoroughly funny novel of British doctors is Hamilton Johnson's "Doctor's Orders."

A number of folks like to enhance their literary background during the summer months. "A Passion for Excitement," by Eileen Bigland, is the life and personality of the incredible Lord Byron. Lodwick Hartley recreates the life of Lawrence Sterne, author of Tristram Shandy, in "This Is Lorence."

For the high school age there is a biography of Dr. Johnson and Mr. Garrick, "The Pundit and the Player." Dickens' fans will enjoy a play by Stanley Young, which was produced successfully in both New York and London, "Mr. Pickwick."

The personal problems of the writer have been explored many times in fiction. Two current novels shed some light on the complications of retaining a private life once the writer has achieved recognition and financial success. "The Palace Guard," by Donald Braider, gives the American slant, and Andre Maurois uses a French setting in "September Roses."

Two famous names in detective fiction appear on this week's shelf-Dorothy Sayers in "The Five Red Herrings" and Frances Crane in "The Man in Gray."

Suspense novels are appearing more abundantly with the arrival of this trio: "Sun In the Hunter's Eye", by Mark Derby; "One for the Road", by Frederic Brown, and "The Color of Murder," by Julian Symons.

Complainant Absent, Assault Case Dropped

Charges of assault and resisting arrest filed against Richard (Red) Curran of R. D. 2 were dismissed Thursday by Judge George L. Brokaw following a hearing in Municipal Court.

The assault charge was dismissed when Mrs. Hazel Adkins of Crawford Ave., who filed the charge, failed to appear.

The resisting charge was dropped by Judge Brokaw after evidence indicated Curran did not know he was under arrest when he fled from police twice Aug. 11.

Curran has been bound over to the Grand Jury under a third charge of possessing obscene literature.

Another youngster of the family was pushing the girl in a stroller, and it accidentally struck an ironing board, from which the iron fell onto the child.

Bright, Sunny Skies Promised

Ohio's Fair Opens Today

COLUMBUS, Ohio (AP) — The forecast originally was for showers, but the weatherman remembered at the last minute that thousands of people were counting on him. So he released the rain lever, pushed in the sunshine button and presto!

A promise of bright, sunny skies for today's opening of the 104th Ohio State Fair.

Actually, it was a little cool in the morning—in the upper 60s and low 70s until around noon—but there were plenty of attractions to take the visitors' minds off the chlil.

At 6 a.m., for example, there was the ribbon-cutting ceremony that officially opened this year's mammoth fair. Gov. C. William O'Neill did the honors.

At 8 a. m., visitors breakfasted at the Youth Center and then took in draft horse judging at the Coliseum.

Free kiddie cartoons were on tap at The Little Theater for children under 14 from 9 a.m. until noon. Adults could promenade around inspecting the endless displays or watch a baton twirling contest outside The Little Theater at 9:30.

Noon ceremonies honored Benjamin Harrison, one of eight presidents from Ohio to be honored during the eight-day fair. From 12:30 until 1:30 visitors could see the Campfire Girls' style show at the Youth Center or watch the selection of the junior fair queen, among other things.

The big show started at 1:30.

On stage in the grandstand arena were a parade of celebrities including Tommy Sands. Erin O'Brien, Sky King & Penny, Gabby Hayes, Ben (Dragnet) Alexander, the June Taylor Dancers and the Jimmy Dorsey orchestra.

They're only a few of the 17 top name acts ready to entertain fairgoers. Others include Steubenville-born Dean Martin, Dennis Day, Ted Lewis, Molly Bee, the Vagabonds, George Gobel, Lee Castle, Johnny Cash, Smiley Burnette and the Lennon Sisters.

Along with the professional entertainment, there will be livestock judging, industrial and farm displays, contests, dancing, 4-H and FFA shows, band concerts, harness racing and a professional football game.

With the weatherman's help, officials are confident attendance will swell well beyond last year's 301,817.

Library Acquires Omnibus Book Of Fosdick Sermons

The greatest sermons of Harry Emerson Fosdick have just been published in an Omnibus Edition containing 40 of his Sunday messages among new books at the Carnegie Public Library.

The cogent thinking of this dynamic Christian leader on subjects ranging from mental health and physical handicaps to burning issues of politics are included. The volume is aptly titled "Riverside Sermons."

The Rev. G. Ray Jordan, a professor in Emory University in Georgia, discusses the cultivation of a spiritual skill in "Prayer that Prevails." The principles of philosophy are reduced to their most understandable terms by a Sorbonne professor, Jean Guitton, in "Make Your Mind Work for You."

Only occasionally do childhood reminiscences acquire the flavor of real art, but Elizabeth Kirtland in "Buttons In the Back" has contrived a real cameo from yesterday.

Seven - year - old "Ortrud" lived in the days of hair ribbons, sashes and rear buttons and the reader shares with her all the illusions, despairs and triumphs of a 7-year-old who was the youngest in a family of 10. Dealing also with the child's world but in a more serious vein is "Jonathan Found" by Cecil Maiden. The tribulations of an orphan raised in the Orient but adopted by American parents who live in New York make a moving tale.

The surest formula for the success of a novel is to write about the medical profession. On this basis alone Charles Mergendahl's "Bramble Bush" should be a success, but his deft handling of New England concepts of morality render a really fine plot. A thoroughly funny novel of British doctors is Hamilton Johnson's "Doctor's Orders."

A number of folks like to enhance their literary background during the summer months. "A Passion for Excitement," by Eileen Bigland, is the life and personality of the incredible Lord Byron. Lodwick Hartley recreates the life of Lawrence Sterne, author of Tristram Shandy, in "This Is Lorence."

For the high school age there is a biography of Dr. Johnson and Mr. Garrick, "The Pundit and the Player." Dickens' fans will enjoy a play by Stanley Young, which was produced successfully in both New York and London, "Mr. Pickwick."

The personal problems of the writer have been explored many times in fiction. Two current novels shed some light on the complications of retaining a private life once the writer has achieved recognition and financial success. "The Palace Guard," by Donald Braider, gives the American slant, and Andre Maurois uses a French setting in "September Roses."

Two famous names in detective fiction appear on this week's shelf-Dorothy Sayers in "The Five Red Herrings" and Frances Crane in "The Man in Gray."

Suspense novels are appearing more abundantly with the arrival of this trio: "Sun In the Hunter's Eye", by Mark Derby; "One for the Road", by Frederic Brown, and "The Color of Murder," by Julian Symons.

Complainant Absent, Assault Case Dropped

Charges of assault and resisting arrest filed against Richard (Red) Curran of R. D. 2 were dismissed Thursday by Judge George L. Brokaw following a hearing in Municipal Court.

The assault charge was dismissed when Mrs. Hazel Adkins of Crawford Ave., who filed the charge, failed to appear.

The resisting charge was dropped by Judge Brokaw after evidence indicated Curran did not know he was under arrest when he fled from police twice Aug. 11.

Curran has been bound over to the Grand Jury under a third charge of possessing obscene literature.

Sandra Reckner, 10, daughter of Mr. and Mrs. Harry Reckner of the Sub-station, was treated for a laceration of the leg received in a fall from a bicycle at home.

Also hurt in a fall from a bike, James R. Pinney, 14, son of Mr. and Mrs. Raymond Pinney of Chester R. D. 1, suffered a dislocated left elbow.

Braves Regain 6½-Game Lead As Burdette Blanks Dodgers

Banks Blasts 2 Homers To Sink Pirates

By ED WILKS
Associated Press Sports Writer

Yep, it's almost fall and World Series time. There's the smell of burning leaves. There's football practice. And there's Lew Burdette, pitching the big shutout again.

It's been a long summer for the big right-hander who pitched the Milwaukee Braves to the world championship last October. At the All-Star Game in July he had only a 6-7 record. Those winter banquets that toasted his three victories and two shutouts over the New York Yankees in the Series were as much to blame as anything.

But since the All-Star break he's won 8 of 10. He beat the Los Angeles Dodgers 4-0 Thursday night with a four-hitter.

It was only his second shutout of the season. He didn't walk a man, struck out five and didn't allow a base runner after Gil Hodges, who had two of the Dodgers' hits, singled with two out in the fourth inning.

Burdette also hit his third home run of the season—all at the Coliseum—as the Braves regained a 6½-game lead in the National League race after losing three in a row to the Dodgers.

Cincinnati broke loose for an 8-1 victory over second-place San Francisco, and the Chicago Cubs, with Ernie Banks hitting his 39th and 40th home runs, beat third-place Pittsburgh 5-3. St. Louis plunked Philadelphia back into the cellar 2-1.

In the American League, the New York Yankees ended Chicago's winning string at seven, beating the White Sox 6-3 as Bob Turley won his 18th. Boston defeated Cleveland 8-6, Baltimore spilled Detroit 7-6 and Kansas City rapped Washington 7-4.

Hank Aaron's 27th home run opened a four-run fourth for the Braves against losing southpaw Sandy Koufax (9-7). Duke Snider's error, Andy Pafko's double and Burdette's homer wrapped it up.

Don Newcombe, who has lost 11, picked up his third victory for Cincinnati with a six-hitter. Leon Wagner had half the Giants' hits, one his eighth home run in the second inning. The Reds scored four in the first inning, capped by Alex Grammas' three-run, two-out double, as Mike McCormick lost his sixth.

Banks drove in all the Cubs' runs. His 39th homer came with two on in the third inning off loser Vern Law (9-11), and he added an RBI double off the Buc right-hander in the fifth. His 40th homer was a solo shot in the eighth. Moe Drabowsky won his ninth with a three-hitter.

Larry Jackson won his 10th for the Cardinals, blanking the Phils on five hits for seven innings and then giving up five hits in the last two frames. He lost his shutout on three singles, the last by pinch-hitter Dave Philley, in the eighth, then got Wally Post on a grounder for the final out of the game with the tying run on third.

Semifinals Set Today In U.S. Women's Golf

DARIEN, Conn. (AP) — The youth movement in women's golf today brought three college girls and a jobless "old-timer," who'll be all of 26 this fall, into the semi-finals of the U.S. Women's Amateur Golf Championship.

The first match sent JoAnne Gunderson, the 19-year-old defending champion, against Anne Quast a rival since their junior golf days in Washington.

The second paired pert Barbara Romack, 1954 winner, against Meriam Bailey, Palatine, Ill.

Miss Gunderson, the tall, blonde daughter of a Seattle carpenter, is a sophomore at Arizona State College at Tempe. She's majoring in physical education. Miss Quast, who will be 21 Aug. 31, is a senior history major at Stanford. Miss Bailey, also 20, is a senior at Northwestern University where her major interest is finance and the stock market.

Miss Romack has been playing golf since she was 12, won her first big title, the Canadian Women's Championship, in 1952, and follows the women's amateur circuit in Florida each winter.

Thursday she eliminated Mrs. George Valentine of Scotland, last survivor of the British Curtis Cup team 4 and 3. Then she went on to beat Berridge Long of Huntington, W.Va., by a whopping 6 and 4.

Miss Bailey beat Curtis Cup veteran Polly Riley, Fort Worth, Tex. 2 up.

Turner And Redl Clash Tonight In 10-Round Match

NEW YORK (AP) — Welterweight Gil Turner, a fighter with a hefty bankroll, and Stefan Redl, a newcomer who would like to build up a roll, clash tonight in the 10-round television feature at Madison Square Garden.

Turner, 27, older, more experienced and a harder hitter, is the 8-5 favorite. It should be a lively scrap all the way.

Gil likes to tear after an opponent and fire away with both hands. The same goes for Redl. Someone will have to give and it figures to be 25-year-old Redl. Turner has proved he can take a wallop. Redl's jaw hasn't been tested yet by a ranking fighter.

After eight years of pro fighting, Turner, of Philadelphia, is ranked fifth by Ring magazine and sixth by the National Boxing Assn. His record is 55-17-2, including 35 knockouts.

Redl, a pro only 28 months, is unranked. He has an impressive numerical record of 20-1, including 13 knockouts. The lone defeat was by split decision to Gale Kerwin at the Garden last Feb. 14.

Vitrified Trounces Softball Rival, 11-1

American Vitrified Products, pacesetter in the Lisbon Softball League, walloped Ruth and Bob's, 11-1, Thursday night behind the three-hit pitching of Gerald Bryson.

The victory was the 19th against six losses for the leaders.

Bud Hobbs cracked a double and single and Les Landfried stroked two singles to pace the winners' attack. Jim Cronin belted a home run for the losers.

Nap Reyes became the International League's first managerial casualty this year when he was released by the Cuban Suger Kings.

Toronto's Ace Relief Hurler Racks Up 15th

By The Associated Press

Bob Tiefenauer, ace reliever for the Toronto Maple Leafs of the International League, is one of the main reasons his team is a close second to the Montreal Royals in the battle for the pennant.

Tiefenauer won his 15th game Thursday night. He defeated the Buffalo Bisons 4-3 in 14 innings. All of his victories have come in relief. He took over from starter Eddie Blake in the ninth and in 5 2-3 innings he allowed only two hits and one walk.

The Havana Sugar Kings defeated the Richmond Virginians 7-0 and the Columbus Jets blanked the Miami Marlins 5-0. Rochester and Montreal were rained out.

Lynn Lovenguth pitched the Jets into fourth place with a neat four-hit victory over the Marlins.

WATERLOO, Iowa. (AP) — It's almost like my home course in Uruguay, Fay Crocker said today as she carried a two stroke lead into the second round of the $7,500 Waterloo Open.

Miss Crocker, at 44 the oldest player on the ladies PGA circuit, shot the only subpar round Thursday.

"I just felt comfortable playing," she said after shooting a two under par 70.

Two strokes behind at par 72 were Louise Suggs, this year's leading money winner from Sea Island, Ga., Beverly Hanson of Indio, Calif., and Kathy Cornelius of Lakeland, Fla.

Trapshooters Eye Handicap Crown Today

VANDALIA, Ohio (AP) — Trapshooting championship, and probably the most unpredictable event in sports — the Grand American Handicap — is the goal today of more than 2,000 of the nation's top clay target marksmen.

The 100-target event guarantees a $1,500 purse to the victor, but his winnings can soare to around $7,000 under the unique optional system in which the shooters wager on their own prowess.

C. R. Crawford of Maywood, Ill., the 1957 victor, will defend his crown. Never since the event was started in 1900 has anyone been able to win it twice.

The marksmen are handicapped from 18 to 27 yards behind the traphouse, based on their known ability, and those far back have little chance to triumph.

Thursday's preliminary handicap, fired over exactly the same route as today's classic, went to 17-year-old Tom Errico of Highland Park, Ill., a mathematics major and freshman at Northwestern University. The youngster broke 99 of 100 from 20 yards to outshoot a field of 1,910.

Errico won about $2,500, but passed up several thousand dollars more by not playing the options.

Eight shooters tied for second at 98 of 100, and in a shootoff, Hugh Adair II of Helena, Mont., captured the $500 runnerup prize and Lon Hammock of Knoxville, Tenn., took the third place $400.

In announcing the team, league sponsors also appealed for volunteer umpires.

The All-Star roster follows: Pitchers — Clendenning, Longs Run; Smith, Calvary; G. Talbott, Oakland.

Catchers — Estell, Second Christian, and Cannon, Calvary.

Infield and outfield — Fickle and Fitzjohn, Calvary; Jackson and Kelly, Oakland; Judy and Huff, Chester; R. Green and J. Williams, Glenmoor; B. Talbott and Horner, Second Christian; H. Wolfe and Payne, First Christian; Swagger and Petty, Salvation Army; Collins and Pusey, First Methodist; Throne and McGaffic, First Baptist; K. Talbott and A. Ward, Longs Run.

Proceeds will be donated to the injured player fund of the Church League.

Williams And Mantle Would Like To Do This

MIDDLEBORO, Mass. (AP) — Here is a slugging feat Ted Williams or Mickey Mantle would be proud of.

His team won 26-6.

Turley Cools Off Chisox; Orioles And Athletics Win

By ED WILKS
Associated Press Sports Writer

Bob Turley had to beat himself, you might say, before he could beat American League teams with consistency. Now he has a shot at becoming the New York Yankees' biggest winner since Lefty Gomez nailed 26 victories 24 years ago.

The big right-hander, who was a lad of four when Gomez did his big job for the Yankees in 1934, licked his wildness with a no-windup style, then gained more control and learned to pace himself by pausing for a couple of deep breaths between pitches.

Now he's won 18, hitting his one-season high with a six-hitter that beat Chicago 6-3 Thursday night and ended the White Sox' winning streak at seven. With 33 games left, Turley could be the first Yankee to win 22 since Gomez, and the first right-hander to do it for the champs since George Pipgras in 1928.

Better yet for Turley, he now is 3-0 against the White Sox this season, a point he's always missed at contract time. "I'm particularly happy with this victory," he said, "because when I sit down to talk salary, they always tell me I never beat the top teams, like the White Sox." His lifetime record against 'em is 8-11.

While the Yankees regained an 11½-game lead with their fourth victory in 12 games, the Boston Red Sox moved within three games of second place Chicago by beating Cleveland 8-6. Baltimore tied Detroit for fourth by defeating the Tigers 7-6. Kansas City rapped Washington 7-4.

In the National League, Milwaukee defeated Los Angeles 4-0, and the Braves moved 6½ games ahead again. Cincinnati spilled second place San Francisco 8-1, the Chicago Cubs beat third place Pittsburgh 5-3, and St. Louis plunked Philadelphia back into the cellar 2-1.

The Red Sox had 15 hits and 11 walks, but left 16 men on base and didn't put it away until a three-run eighth. Dick Gernert's 17th home run scored a pair in the winning spurt. Every Boston batter had a hit except Ted Williams, who left six runners stranded. Tom Brewer won his eighth, but needed relief in a three-run ninth. Hal Woodeshick (3-4) was the loser for the Injuns, who got homers from Vic Power, Vic Wertz and Randy Jackson.

The Tigers, scoring four runs in the fourth with the help of an error, blew a 6-3 lead when Gus Triandos' 24th homer, with two on, capped a four-run Oriole seventh. George Susce was the loser in relief. Chuck Beamon won it in relief—his first victory since he won his first two major league decisions in September 1956.

Hector Lopez banged a pair of homers and Hal Smith hit a two-run single for the A's, who finished their scoring in four innings. Jack Urban, 5-0 against Washington in his brief career, squared his record at 8-8, but needed relief in the eighth, when Roy Sievers drove in two runs with a single. Vito Valentinetti lost it.

Little League Shapes Plans For Future

Matters still hanging fire in the season just concluded and plans for the future occupied officials of the Little League when they met Wednesday night at the Travelers Hotel.

Vice President Lawrence Zollinger presided in the absence of President Don Schreckengost.

Arrangements were made to have the bleachers taken down at Myler and Columbian parks, with Bill Tychonievich heading the committee in charge at the former and John Klinsky directing operations at the latter.

Don Burbick was named chairman of a nominating committee to present a slate of officers for the 1959 season at the league's next meeting Sept. 3. The committee also included Ed Morse and Don Schreckengost.

Morse was named head of the committee to arrange the annual graduation exercises for the Little Leaguers, when each player will receive a diploma and pin.

Zollinger again appealed to managers who have not yet done so to submit final reports on the booster tickets to assist in completion of the financial statement for 1958.

The Minor League will hold a basket picnic, beginning at 6, tonight at Thompson Park. Lionel Smurthwaite, league president, will announce the Minor League All-Star team and present awards.

Braves Regain 6½-Game Lead As Burdette Blanks Dodgers

Banks Blasts 2 Homers To Sink Pirates

By ED WILKS
Associated Press Sports Writer

Yep, it's almost fall and World Series time. There's the smell of burning leaves. There's football practice. And there's Lew Burdette, pitching the big shutout again.

It's been a long summer for the big right-hander who pitched the Milwaukee Braves to the world championship last October. At the All-Star Game in July he had only a 6-7 record. Those winter banquets that toasted his three victories and two shutouts over the New York Yankees in the Series were as much to blame as anything.

But since the All-Star break he's won 8 of 10. He beat the Los Angeles Dodgers 4-0 Thursday night with a four-hitter.

It was only his second shutout of the season. He didn't walk a man, struck out five and didn't allow a base runner after Gil Hodges, who had two of the Dodgers' hits, singled with two out in the fourth inning.

Burdette also hit his third home run of the season—all at the Coliseum—as the Braves regained a 6½-game lead in the National League race after losing three in a row to the Dodgers.

Cincinnati broke loose for an 8-1 victory over second-place San Francisco, and the Chicago Cubs, with Ernie Banks hitting his 39th and 40th home runs, beat third-place Pittsburgh 5-3. St. Louis plunked Philadelphia back into the cellar 2-1.

In the American League, the New York Yankees ended Chicago's winning string at seven, beating the White Sox 6-3 as Bob Turley won his 18th. Boston defeated Cleveland 8-6, Baltimore spilled Detroit 7-6 and Kansas City rapped Washington 7-4.

Hank Aaron's 27th home run opened a four-run fourth for the Braves against losing southpaw Sandy Koufax (9-7). Duke Snider's error, Andy Pafko's double and Burdette's homer wrapped it up.

Don Newcombe, who has lost 11, picked up his third victory for Cincinnati with a six-hitter. Leon Wagner had half the Giants' hits, one his eighth home run in the second inning. The Reds scored four in the first inning, capped by Alex Grammas' three-run, two-out double, as Mike McCormick lost his sixth.

Banks drove in all the Cubs' runs. His 39th homer came with two on in the third inning off loser Vern Law (9-11), and he added an RBI double off the Buc right-hander in the fifth. His 40th homer was a solo shot in the eighth. Moe Drabowsky won his ninth with a three-hitter.

Larry Jackson won his 10th for the Cardinals, blanking the Phils on five hits for seven innings and then giving up five hits in the last two frames. He lost his shutout on three singles, the last by pinch-hitter Dave Philley, in the eighth, then got Wally Post on a grounder for the final out of the game with the tying run on third.

Vitrified Trounces Softball Rival, 11-1

American Vitrified Products, pacesetter in the Lisbon Softball League, walloped Ruth and Bob's, 11-1, Thursday night behind the three-hit pitching of Gerald Bryson.

The victory was the 19th against six losses for the leaders.

Bud Hobbs cracked a double and single and Les Landfried stroked two singles to pace the winners' attack. Jim Cronin belted a home run for the losers.

Nap Reyes became the International League's first managerial casualty this year when he was released by the Cuban Suger Kings.

Fathers Of Players To Be Club's Guests

Fathers of players of the high school football squad will be guests when the Blue and White Nonpareil Club meets Tuesday night at 8 in the YMCA.

Semifinals Set Today In U.S. Women's Golf

DARIEN, Conn. (AP) — The youth movement in women's golf today brought three college girls and a jobless "old-timer," who'll be all of 26 this fall, into the semi-finals of the U.S. Women's Amateur Golf Championship.

The first match sent JoAnne Gunderson, the 19-year-old defending champion, against Anne Quast a rival since their junior golf days in Washington.

The second paired pert Barbara Romack, 1954 winner, against Meriam Bailey, Palatine, Ill.

Miss Gunderson, the tall, blonde daughter of a Seattle carpenter, is a sophomore at Arizona State College at Tempe. She's majoring in physical education. Miss Quast, who will be 21 Aug. 31, is a senior history major at Stanford. Miss Bailey, also 20, is a senior at Northwestern University where her major interest is finance and the stock market.

Miss Romack has been playing golf since she was 12, won her first big title, the Canadian Women's Championship, in 1952, and follows the women's amateur circuit in Florida each winter.

Thursday she eliminated Mrs. George Valentine of Scotland, last survivor of the British Curtis Cup team 4 and 3. Then she went on to beat Berridge Long of Huntington, W.Va., by a whopping 6 and 4.

Miss Bailey beat Curtis Cup veteran Polly Riley, Fort Worth, Tex. 2 up.

Turner And Redl Clash Tonight In 10-Round Match

NEW YORK (AP) — Welterweight Gil Turner, a fighter with a hefty bankroll, and Stefan Redl, a newcomer who would like to build up a roll, clash tonight in the 10-round television feature at Madison Square Garden.

Turner, 27, older, more experienced and a harder hitter, is the 8-5 favorite. It should be a lively scrap all the way.

Gil likes to tear after an opponent and fire away with both hands. The same goes for Redl. Someone will have to give and it figures to be 25-year-old Redl. Turner has proved he can take a wallop. Redl's jaw hasn't been tested yet by a ranking fighter.

After eight years of pro fighting, Turner, of Philadelphia, is ranked fifth by Ring magazine and sixth by the National Boxing Assn. His record is 55-17-2, including 35 knockouts.

Redl, a pro only 28 months, is unranked. He has an impressive numerical record of 20-1, including 13 knockouts. The lone defeat was by split decision to Gale Kerwin at the Garden last Feb. 14.

Toronto's Ace Relief Hurler Racks Up 15th

By The Associated Press

Bob Tiefenauer, ace reliever for the Toronto Maple Leafs of the International League, is one of the main reasons his team is a close second to the Montreal Royals in the battle for the pennant.

Tiefenauer won his 15th game Thursday night. He defeated the Buffalo Bisons 4-3 in 14 innings. All of his victories have come in relief. He took over from starter Eddie Blake in the ninth and in 5 2-3 innings he allowed only two hits and one walk.

The Havana Sugar Kings defeated the Richmond Virginians 7-0 and the Columbus Jets blanked the Miami Marlins 5-0. Rochester and Montreal were rained out.

Lynn Lovenguth pitched the Jets into fourth place with a neat four-hit victory over the Marlins.

Miss Crocker, at 44 the oldest player on the ladies PGA circuit, shot the only subpar round Thursday.

"I just felt comfortable playing," she said after shooting a two under par 70.

Two strokes behind at par 72 were Louise Suggs, this year's leading money winner from Sea Island, Ga., Beverly Hanson of Indio, Calif., and Kathy Cornelius of Lakeland, Fla.

Trapshooters Eye Handicap Crown Today

VANDALIA, Ohio (AP) — Trapshooting championship, and probably the most unpredictable event in sports — the Grand American Handicap — is the goal today of more than 2,000 of the nation's top clay target marksmen.

The 100-target event guarantees a $1,500 purse to the victor, but his winnings can soare to around $7,000 under the unique optional system in which the shooters wager on their own prowess.

C. R. Crawford of Maywood, Ill., the 1957 victor, will defend his crown. Never since the event was started in 1900 has anyone been able to win it twice.

The marksmen are handicapped from 18 to 27 yards behind the traphouse, based on their known ability, and those far back have little chance to triumph.

Thursday's preliminary handicap, fired over exactly the same route as today's classic, went to 17-year-old Tom Errico of Highland Park, Ill., a mathematics major and freshman at Northwestern University. The youngster broke 99 of 100 from 20 yards to outshoot a field of 1,910.

Errico won about $2,500, but passed up several thousand dollars more by not playing the options.

Eight shooters tied for second at 98 of 100, and in a shootoff, Hugh Adair II of Helena, Mont., captured the $500 runnerup prize and Lon Hammock of Knoxville, Tenn., took the third place $400.

His team won 26-6.

Turley Cools Off Chisox; Orioles And Athletics Win

By ED WILKS
Associated Press Sports Writer

Bob Turley had to beat himself, you might say, before he could beat American League teams with consistency. Now he has a shot at becoming the New York Yankees' biggest winner since Lefty Gomez nailed 26 victories 24 years ago.

The big right-hander, who was a lad of four when Gomez did his big job for the Yankees in 1934, licked his wildness with a no-windup style, then gained more control and learned to pace himself by pausing for a couple of deep breaths between pitches.

Now he's won 18, hitting his one-season high with a six-hitter that beat Chicago 6-3 Thursday night and ended the White Sox' winning streak at seven. With 33 games left, Turley could be the first Yankee to win 22 since Gomez, and the first right-hander to do it for the champs since George Pipgras in 1928.

Better yet for Turley, he now is 3-0 against the White Sox this season, a point he's always missed at contract time. "I'm particularly happy with this victory," he said, "because when I sit down to talk salary, they always tell me I never beat the top teams, like the White Sox." His lifetime record against 'em is 8-11.

While the Yankees regained an 11½-game lead with their fourth victory in 12 games, the Boston Red Sox moved within three games of second place Chicago by beating Cleveland 8-6. Baltimore tied Detroit for fourth by defeating the Tigers 7-6. Kansas City rapped Washington 7-4.

In the National League, Milwaukee defeated Los Angeles 4-0, and the Braves moved 6½ games ahead again. Cincinnati spilled second place San Francisco 8-1, the Chicago Cubs beat third place Pittsburgh 5-3, and St. Louis plunked Philadelphia back into the cellar 2-1.

The Red Sox had 15 hits and 11 walks, but left 16 men on base and didn't put it away until a three-run eighth. Dick Gernert's 17th home run scored a pair in the winning spurt. Every Boston batter had a hit except Ted Williams, who left six runners stranded. Tom Brewer won his eighth, but needed relief in a three-run ninth. Hal Woodeshick (3-4) was the loser for the Injuns, who got homers from Vic Power, Vic Wertz and Randy Jackson.

The Tigers, scoring four runs in the fourth with the help of an error, blew a 6-3 lead when Gus Triandos' 24th homer, with two on, capped a four-run Oriole seventh. George Susce was the loser in relief. Chuck Beamon won it in relief—his first victory since he won his first two major league decisions in September 1956.

Hector Lopez banged a pair of homers and Hal Smith hit a two-run single for the A's, who finished their scoring in four innings. Jack Urban, 5-0 against Washington in his brief career, squared his record at 8-8, but needed relief in the eighth, when Roy Sievers drove in two runs with a single. Vito Valentinetti lost it.

Newk, Redlegs Defeat Giants

SAN FRANCISCO (AP)—A decline in the efficiency of the Cincinnati Redlegs' relief pitchers is getting a big share of the blame for the sad plight of the team.

So when Don Newcombe came up with a route-going pitching performance Thursday it produced an 8-1 victory over the San Francisco Giants.

The victory also was unusual for the Redlegs in that the same nine players went all the way. It was only the fourth time this season that Cincinnati has been able to do that.

Newcombe allowed the Giants only six hits and never was in serious danger after the Redlegs staked him to a four-run lead in the opening inning.

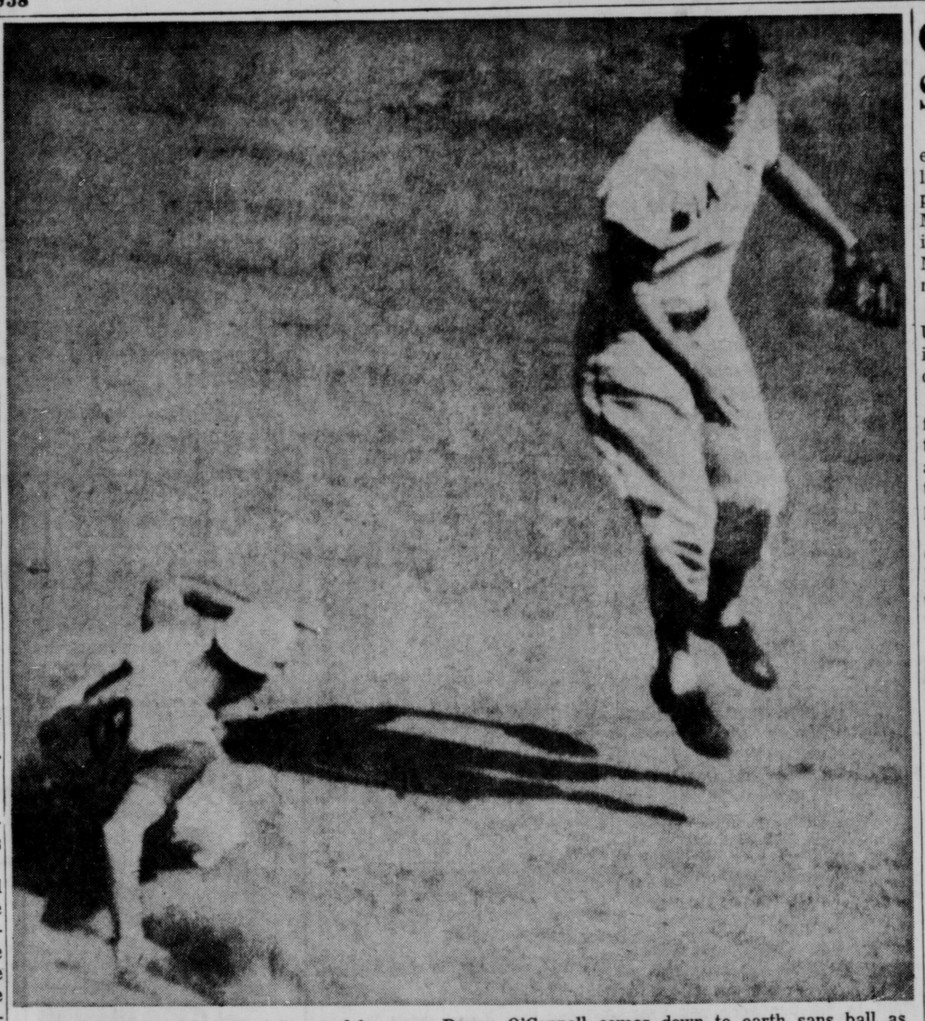

Giant starter Mike McCormick failed to survive that first outburst. A double by Johnny Temple and two walks filled the bases. With two out, Walt Dropo walked to force in one run and three more crossed on Alex Grammas' double.

A single by Newcombe, a sacrifice, an infield out and Ray Jablonski's error gave the Redlegs another run in the second.

After that they were stifled until the ninth. Paul Giel walked three Redlegs to fill the bases. Ed Bailey hit what looked to be a double play ball but it bounced over the head of Daryl Spencer for a double that scored two runs. Dropo doubled hom the final tally.

The Giants' only run came on Leon Wagner's homer in the second inning.

Joe Nuxhall is slated to pitch for Cincinnati in tonight's game with Ruben Gomez due to go for the Giants.

SAFE AT SECOND. Giants' second baseman Danny O'Connell comes down to earth sans ball as Cincinnati Redleg Johnny Temple (16) slides into the bag on Jerry Lynch's single in the seventh of Thursday's game at San Francisco. Giant outfielder Leon Wagner fielded Lynch's hit and threw wild to O'Connell. Redlegs won, 8-1. (UPI Telephoto)

AEC Sees Plutonium Cheaper As Reactor Use

IDAHO FALLS, Idaho (AP) — The Atomic Energy Commission says plutonium, used in making World War II atom bombs, may have a peacetime use as a cheaper fuel for atomic reactors.

An AEC spokesman said plutonium fueled a large nuclear reactor for the first time this month at the National Reactor Testing Station west of here.

Plutonium can be made from uranium fairly easily and is cheaper than U235, the main fuel now used. It wasn't used before because it was difficult to handle in reactors.

Gordon Believes Moving Rumors Disturb Indians

BOSTON (AP)—The Cleveland Indians find the other seven American League clubs tough enough competition these days without "disturbing" influences being injected into the situation.

Manager Joe Gordon feels the rumors of a possible shift in the Cleveland baseball franchise to some other city have been "disturbing" to his players. Gordon said he doubted it would affect their performance on the field, though.

The Tribe was below par in Thursday night's 8-6 defeat by the Boston Red Sox, despite three homers. A ninth inning rally fell short after Cleveland had tallied three runs and had the tying run at the plate in the person of Rocky Colavito. The big slugger popped to the infield.

Vic Power, Vic Wertz and Randy Jackson slammed the homers, all with the bases empty.

Dick Gernert had the only Boston homer, one of 15 hits off four Tribe hurlers. The loser was Hal Woodeshick (3-4), who gave up three runs in four innings. Two more were scored off Ray Narleski and the final three off Jim (Mudcat) Grant in the eighth. Don Ferrarese pitched one scoreless inning. Tom Brewer (8-10) was Boston's winner.

Power's 11th homer got the Indians off to a 1-0 lead in the first inning. An inning later the Red Sox had a 2-1 advantage. Two singles, Jim Piersall's triple and a passed ball by Russ Nixon did the damage.

Frank Malzone's triple with one on made it 3-1 in the third. Wertz' third homer of the season cut the margin to 3-2 in the fourth.

The Sox got an unearned run in the fifth to make it 4-2. A single by Minnie Minoso and a double by Power gave the Indians another run in the sixth.

Don Buddin's double and a single by Malzone provided Boston with a 5-3 advantage in the sixth. Then the Bosox broke loose for three runs on four hits off Grant in the eighth.

Hoyt Wilhelm (2-6) faced Ike Delock (11-3) in today's game.

Horse Racing Cited For Low Tribe Crowds

CLEVELAND (AP)—It could be that the team is inferior, too much television, the lack of a tight American League pennant race or any of a dozen other reasons for the dwindling attendance at Cleveland Indians' home games.

But William R. Daley, board chairman of the Cleveland baseball club, has come up with a novel reason which he cites as the major factor: Too much horse racing in the Cleveland area.

"Cleveland has more racing dates than any other city in the United States," he says. "Seven tracks, operating day and night, have simply drained off too many entertainment dollars."

Daley says he had been under tremendous pressure from other club directors to move the team to another city and away from the competing horse tracks, but adds:

"Cleveland is my town and I want the Indians to stay here, but unless a lot of other people show that they want them we'll have no choice."

Newk, Redlegs Defeat Giants

SAN FRANCISCO (AP)—A decline in the efficiency of the Cincinnati Redlegs' relief pitchers is getting a big share of the blame for the sad plight of the team.

AEC Sees Plutonium Cheaper As Reactor Use

IDAHO FALLS, Idaho (AP) — The Atomic Energy Commission says plutonium, used in making World War II atom bombs, may have a peacetime use as a cheaper fuel for atomic reactors.

An AEC spokesman said plutonium fueled a large nuclear reactor for the first time this month at the National Reactor Testing Station west of here.

Plutonium can be made from uranium fairly easily and is cheaper than U235, the main fuel now used. It wasn't used before because it was difficult to handle in reactors.

Quarterfinals Set In Tennis

BROOKLINE, Mass. (AP)—Veteran Gardnar Mulloy, a finalist last year, challenges Davis Cuppers Sam Giammalva and Barry MacKay with a new partner today in the men's quarterfinals of the National Doubles Tennis Tournament.

Whitney Reed, eighth ranked U. S. singles player, joins Mulloy in the No. 7 pair seeking an upset of the third seeded Americans.

Mulloy won the national crown four times with Billy Talbert in the 1940s and lost to Ashley Cooper and Neale Fraser of Australia in the 1957 title match at Longwood paired with Budge Patty.

Second-seeded Aussies Mal Anderson and sore-shouldered Bob Howe face unseeded Tut Bartzen of Dallas and Grant Golden of Chicago.

In the remaining women's semi-final, favored Althea Gibson of New York and Brazil's Maria Bueno play the blonde English teenage sensations, Ann Haydon and Christine Truman.

Defenders Cooper and Fraser turned back inspired Mike Davies and Billy Knight of England 8-6, 10-8, 13-11 in a brilliant exhibition Thursday.

The other men's quarter test was won by Ham Richardson of New Orleans and Alex Olmedo of Los Angeles and Peru from Australia's Bob Mark and Rod Laver, 6-4, 6-2, 6-4.

Unseeded Jeanne Arth of St. Paul, Minn., and Darlene Hard of Montebello, Calif., clicked off an upset. They eliminated Australia's Mrs. Mary Hawton and Mrs. Thelma Long, 6-2, 6-2.

Gordon Believes Moving Rumors Disturb Indians

BOSTON (AP)—The Cleveland Indians find the other seven American League clubs tough enough competition these days without "disturbing" influences being injected into the situation.

Manager Joe Gordon feels the rumors of a possible shift in the Cleveland baseball franchise to some other city have been "disturbing" to his players. Gordon said he doubted it would affect their performance on the field, though.

The Tribe was below par in Thursday night's 8-6 defeat by the Boston Red Sox, despite three homers. A ninth inning rally fell short after Cleveland had tallied three runs and had the tying run at the plate in the person of Rocky Colavito. The big slugger popped to the infield.

Vic Power, Vic Wertz and Randy Jackson slammed the homers, all with the bases empty.

Dick Gernert had the only Boston homer, one of 15 hits off four Tribe hurlers. The loser was Hal Woodeshick (3-4), who gave up three runs in four innings. Two more were scored off Ray Narleski and the final three off Jim (Mudcat) Grant in the eighth. Don Ferrarese pitched one scoreless inning. Tom Brewer (8-10) was Boston's winner.

Power's 11th homer got the Indians off to a 1-0 lead in the first inning. An inning later the Red Sox had a 2-1 advantage. Two singles, Jim Piersall's triple and a passed ball by Russ Nixon did the damage.

Frank Malzone's triple with one on made it 3-1 in the third. Wertz' third homer of the season cut the margin to 3-2 in the fourth.

The Sox got an unearned run in the fifth to make it 4-2. A single by Minnie Minoso and a double by Power gave the Indians another run in the sixth.

Don Buddin's double and a single by Malzone provided Boston with a 5-3 advantage in the sixth. Then the Bosox broke loose for three runs on four hits off Grant in the eighth.

Hoyt Wilhelm (2-6) faced Ike Delock (11-3) in today's game.

Horse Racing Cited For Low Tribe Crowds

CLEVELAND (AP)—It could be that the team is inferior, too much television, the lack of a tight American League pennant race or any of a dozen other reasons for the dwindling attendance at Cleveland Indians' home games.

But William R. Daley, board chairman of the Cleveland baseball club, has come up with a novel reason which he cites as the major factor: Too much horse racing in the Cleveland area.

"Cleveland has more racing dates than any other city in the United States," he says. "Seven tracks, operating day and night, have simply drained off too many entertainment dollars."

Daley says he had been under tremendous pressure from other club directors to move the team to another city and away from the competing horse tracks, but adds:

"Cleveland is my town and I want the Indians to stay here, but unless a lot of other people show that they want them we'll have no choice."

Probers Eye Baker Link To High Official

New Part Of Inquiry To Include Violence In 1953 Cab Strike

By ROBERT D. NOVAK

WASHINGTON (AP) — Senate investigators will delve next week into links between Teamster muscleman Robert (Barney) Baker and one of the powers of the giant trucking union — Vice President Harold Gibbons.

Baker, 300-pound Teamster organizer, Thursday completed almost two days of testimony before the Senate Rackets Committee, ranging from the comic to the dramatic.

A perspiring Baker left the witness stand after Chairman John L. McClellan (D-Ark) called him a perjurer and counsel Robert F. Kennedy labeled him an associate of "underworld filth and the scum of the United States."

But with the hearings in recess Kennedy indicated today the ponderous ex-convict's troubles with the committee are not over. He told newsmen Baker would continue as a subject of testimony when hearings switch next Tuesday to Gibbons' activities in the St. Louis area.

The new phase of the inquiry into the giant Teamsters Union and its president, James R. Hoffa, will include a violence-punctuated St. Louis taxicab strike in 1953 and the part Baker allegedly played in it.

McClellan contended that Gibbons supplied Baker and other Teamster organizers with an arsenal of pistols and holsters to match during the strike. Baker swore, "That's not the truth as far as I'm concerned."

Baker has testified his rise in the union began after he met Gibbons in 1952 at a meeting in Washington of the Americans for Democratic Action, a self-styled liberal group.

Kennedy said next week's hearings also will probe Gibbons' controversial election last January as president of the St. Louis Joint Teamster Council, with Gibbons himself a possible witness at the end of the week.

Hoffa, a grim-faced, silent spectator in the hearing room this week, is not scheduled to return to the witness stand for at least another 10 days.

Baker Thursday loudly denied charges ranging from threats to murder to trafficking in stolen jewels. But he sheepishly admitted he might have bragged and told "little white lies" abuot being a close friend of New York Gov. Averell Harriman.

Although Baker swore "I don't sell no jewelry," the committee produced a surprise witness who told of seeing a fortune in gems in a Miami home where Baker lived with a blonde girl friend in 1955.

The witness, real estate man B. B. Bowers Jr. of Miami, said Mrs. Ruth Brougher, 44, once showed him nearly a quart of diamonds which he estimated were worth $75,000 to $100,000.

Mrs. Brougher, Baker's exsweetheart brought here from a Florida prison where she is serving a 15-year term for manslaughter, told the committee, "The only kind of jewelry I had in my possession was legitimate jewelry."

Court Of Awards Held

Girl Scout Receives 10-Year Pin

Doris Lynn Bourne, center, is shown receiving a pin marking 10 years in the Girl Scout movement Thursday night at an outdoor meeting of Senior Troop 79 at the home of the leader, Mrs. Eugene Seeley, 800 Lotus Ave., Chester.

Mrs. Joseph Arnott, her mother, is at left and Mrs. Seeley right.

The official presentation during a court of awards was made by Mrs. William D. Ogilvie, commissioner.

Eleanor Moore of North St. was the first to receive the pin about three years ago and Jane Chandler of Chester a year ago. Several others are eligible.

Miss Bourne entered scouting with Brownie Troop 6 in Newell in 1948 then became a member of Girl Scout Troop 19. She transferred to Intermediate Troop 51 when moving to Chester. She registered with Senior Troop 50 in Chester in the fall of 1955 and was senior aide for Troop 51.

She was one of four area girls the Girl Scout Council sent to the first Senior Scout Roundup in 1956 at Pontiac, Mich. She was chairman of the Girl Scout Planning Board, furthering the Senior Citizens remembrance program. She will be a senior in Chester High School.

During the court of awards, Mrs. Seeley presented ranger aide bars to Miss Bourne, Betsy Hobbs, Marsha Seeley, Cynthia Pinney, Carol Sue Tuttle, Sherry Reed, Susan Kay Wilson and Patti Taylor.

Five - point service stars were given Betsy Hobbs, Joyce Wilson, Deanna Brooks, Meredeth Loos, Sherry Reed, Lois Ann Merwin and Marsha Seeley.

Beth Sayre, who was graduated from Intermediate Troop 51, and Linda Ward were invested by Mrs. Seeley.

A gift was presented by the troop to Mrs. A. F. Hanes, a member of the troop committee. Wife of the pastor of the sponsoring church, Mrs. Hanes has served with the group since their inception as Brownies. Her husband is retiring as pastor and they will make their home in Brownsville, Pa. Cynthia Pinney, troop president, made the presentation.

A card was signed for Mrs. J. M. Bryan, a council member confined at City Hospital.

Mrs. Harold Ossman taught folk songs, stressing those typical of the Kenowva Region, which includes the local area.

Color slides of activities of the troop over the past years from the Brownie level to the present senior program were screened by Eugene Seeley, a member of the troop committee.

Guests included Mrs. Raymond Sayre, also a troop committee member, and Mrs. Ogilvie.

Race Barrier Broken In Peaceful 'Sitdown'

OKLAHOMA CITY (AP) — A peaceful two-day "sitdown" by some 35 young Negroes has pierced another race barrier here.

The Katz drugstore yielded to the persistent Negro youths who solemnly lined its fountain, and started serving them.

Negroes previously have not been served in restaurants or fountains in the city. Mrs. Clara Luper, head of the Oklahoma City Youth Council of the NAACP, declared joyfully the Negroes will invade other businesses within the next few days, seeking the same privilege.

Signup Opens In Farm Plan

Hancock Soil Bank Will Close Oct. 10

C. C. Herron, chairman of the Hancock County Agricultural Stabilization and Conservation Committee, said the signup has started among county farmers for participation in the 1959 conservation reserve of the Soil Bank.

The first step in the signup is for the farmer to request the county office at New Cumberland to establish annual rental payment rates for his farm.

The farmer should bring information to be used by the County ASC Committee in establishing rates. The chief facts needed, Herron said, are acreages and yields of the three principal crops on the farm for the past two years and acreages for other land use on the farm.

The conservation reserve is the only Soil Bank program available for 1959. Under the program, farmers retire land from general crops for up to 10 years and devote the reserved acreage to land, water, or wildlife conservation practices. The government makes an annual rental payment for the land and will also share in the cost of establishing the conservation practices.

The average rental payment rate for conservation reserve land in Hancock County in the 1959 program is $16 per acre per year. Maximum payment rates will be higher for the most productive farms and lower for less productive farms.

For farmers who request it, the county committee will figure two sets of maximum annual rates, Herron said. One will apply if only part of the eligible acreage on a farm is placed in the reserve. Another rate, 10 per cent higher, will be available if all eligible land on a farm is put in the reserve for at least 5 years.

After maximum rates have been determined for a farm, the farmer will have two weeks in which to decide on participation, designate land for the reserve, and apply for a contract. Land may be offered at less than the established maximum to increase the chance of acceptance in case there are insufficient funds to cover all offers.

The signup phase of the program closes Oct. 10 and all requests for establishing farm rates must be received by then, Herron said. The deadline for applying for contracts is Oct. 24.

TB Test Approved By School Heads

LISBON — Administration of a tuberculin test for high school seniors, eighth or ninth graders and primary school children was approved by superintendents of seven Columbiana Schools at a meeting with health officials Wednesday at the Wick Hotel.

After hearing a report on the test program, the group approved the Mantoux test for seniors, followed by tests for either ninth or eighth grade students, and a patch test for either kindergarten or first grade pupils.

The test was also approved for all cafeteria workers and bus drivers who have not receptly received an X-ray examination.

The group also reviewed information from committees on new duties and responsibilities of school nurses, general health policy and standing orders for school medical emergencies.

The new program is a result of planning at the recent Lake Hope health conference.

Food and housing costs both were down .3 per cent and apparel was off .1 per cent, the NICB said.

Two companions of the boy, John Lynch, 16, and Charles Gibbons, 15, also of Los Angeles, had been stranded on a lower ledge, Hallock said. They managed to reach safety while rescuers were working toward them.

The three went hiking Wednesday.

Newk, Redlegs Defeat Giants

SAN FRANCISCO (AP)—A decline in the efficiency of the Cincinnati Redlegs' relief pitchers is getting a big share of the blame for the sad plight of the team.

So when Don Newcombe came up with a route-going pitching performance Thursday it produced an 8-1 victory over the San Francisco Giants.

The victory also was unusual for the Redlegs in that the same nine players went all the way. It was only the fourth time this season that Cincinnati has been able to do that.

Newcombe allowed the Giants only six hits and never was in serious danger after the Redlegs staked him to a four-run lead in the opening inning.

Giant starter Mike McCormick failed to survive that first outburst. A double by Johnny Temple and two walks filled the bases. With two out, Walt Dropo walked to force in one run and three more crossed on Alex Grammas' double.

A single by Newcombe, a sacrifice, an infield out and Ray Jablonski's error gave the Redlegs another run in the second.

After that they were stifled until the ninth. Paul Giel walked three Redlegs to fill the bases. Ed Bailey hit what looked to be a double play ball but it bounced over the head of Daryl Spencer for a double that scored two runs. Dropo doubled hom the final tally.

The Giants' only run came on Leon Wagner's homer in the second inning.

Joe Nuxhall is slated to pitch for Cincinnati in tonight's game with Ruben Gomez due to go for the Giants.

The Rams play their second National Football League exhibition game in Memorial Coliseum. The New York Giants supply the opposition.

Both the Rams and the Giants won their first exhibition games last week. The Giants whipped San Francisco, 19-10; the Rams knocked over the Washington Redskins, 31-10.

SAFE AT SECOND. Giants' second baseman Danny O'Connell comes down to earth sans ball as Cincinnati Redleg Johnny Temple (16) slides into the bag on Jerry Lynch's single in the seventh of Thursday's game at San Francisco. Coach Of Lions Has No Place To Go Except Down

DETROIT (AP) — For George Wilson, there is no direction to go except down in 1958.

The head coaching job with the Detroit Lions was thrust upon him two days before the team's first preseason game last summer. He led the Lions to a tie for the Western Conference championship and his team whipped the San Francisco 49ers in the playoff game.

Then his club thrashed the Cleveland Browns for the world title and the Wilson-coached West stars defeated the East team in the annual Pro Bowl contest.

"I figure the only way I could top that performance is to quit my job", Wilson quipped. "But I ain't gonna do that."

"We were a good team, and we still are," he added. "That's not to say that we're going to repeat this season, though. This is a crazy league and you have to be lucky to win. I just hope we still have some luck left."

Five members of the title-winning club are gone. Leon Hart, Frank Gatski and Sonny Gandee retired. Dorne Dibble was traded to New York and then announced his retirement too. Lineman Ray Krouse was traded to Baltimore.

One Stroke Separates Jaycee Golf Leaders

TUCSON, Ariz. (AP) — A one-stroke margin separated two leaders from the pack as the third round of the Jaycee International Junior golf tournament began today.

Jerry Greenbaum of Atlanta and Don Morano of Belleville, N. J., both off form, led with 139 at the halfway mark.

Tied at 140 were Buddy Baker of Florence, S.C., Nick Secondo of Watsonville, Calif., and Labron Harris of Stillwater, Okla., 71-69.

Browns Seek Revenge Against Lions Tonight

DETROIT (AP)—The revenge motive is a factor for the Cleveland Browns in tonight's exhibition football game with the Detroit Lions before an expected crowd of 40,000 at Briggs Stadium.

It was here last December in the National Football League championship game that the Lions humiliated the Browns 59-14.

Detroit has been the toughest team for Cleveland to beat through the years.

Round Table's Solid Choice In Arlington Race

CHICAGO (AP) — The "Let's Beat Round Table Club" has another meeting Saturday.

But Round Table, with Willie Shoemaker aboard, remains a solid choice to win his sixth straight grass course race.

Travis Kerr's great 4 year old is in a probable field of nine for the $75,000 added Arlington Handicap over a mile and three-sixteenths of Arlington Park's turf.

If all go, the race will gross $86,200 with a winner's take of $55,100. Round Table's earnings now total $1,161,014, second only to Nashua for the all-time high.

Carrying 130 pounds, the millionaire champion will spot up to 14 to such candidates as Hoop Band, Meeting, Clem, Bernburgoo, Jack Ketch, St. Vincent, Clermont and Rajputana.

AEC Sees Plutonium Cheaper As Reactor Use

IDAHO FALLS, Idaho (AP) — The Atomic Energy Commission says plutonium, used in making World War II atom bombs, may have a peacetime use as a cheaper fuel for atomic reactors.

An AEC spokesman said plutonium fueled a large nuclear reactor for the first time this month at the National Reactor Testing Station west of here.

Plutonium can be made from uranium fairly easily and is cheaper than U235, the main fuel now used. It wasn't used before because it was difficult to handle in reactors.

GALVESTON, Tex. (AP) — A mother's dream that her boy was destined to die tragically came true.

Mrs. Allen Luker told of the dream after being notified of her son's death.

Luker's companions—George Allen, 7, and his brother, Sonny, 10, were uninjured.

Quarterfinals Set In Tennis

BROOKLINE, Mass. (AP)—Veteran Gardnar Mulloy, a finalist last year, challenges Davis Cuppers Sam Giammalva and Barry MacKay with a new partner today in the men's quarterfinals of the National Doubles Tennis Tournament.

Whitney Reed, eighth ranked U. S. singles player, joins Mulloy in the No. 7 pair seeking an upset of the third seeded Americans.

Mulloy won the national crown four times with Billy Talbert in the 1940s and lost to Ashley Cooper and Neale Fraser of Australia in the 1957 title match at Longwood paired with Budge Patty.

Second-seeded Aussies Mal Anderson and sore-shouldered Bob Howe face unseeded Tut Bartzen of Dallas and Grant Golden of Chicago.

In the remaining women's semi-final, favored Althea Gibson of New York and Brazil's Maria Bueno play the blonde English teenage sensations, Ann Haydon and Christine Truman.

Defenders Cooper and Fraser turned back inspired Mike Davies and Billy Knight of England 8-6, 10-8, 13-11 in a brilliant exhibition Thursday.

The other men's quarter test was won by Ham Richardson of New Orleans and Alex Olmedo of Los Angeles and Peru from Australia's Bob Mark and Rod Laver, 6-4, 6-2, 6-4.

Unseeded Jeanne Arth of St. Paul, Minn., and Darlene Hard of Montebello, Calif., clicked off an upset. They eliminated Australia's Mrs. Mary Hawton and Mrs. Thelma Long, 6-2, 6-2.

LEXINGTON, Neb. (AP)—Lefty Bill Spanswick set a Nebraska State League strikeout record of 22 for nine innings Thursday night when he blanked Superior, 13 to 0, on one hit.

Gordon Believes Moving Rumors Disturb Indians

BOSTON (AP)—The Cleveland Indians find the other seven American League clubs tough enough competition these days without "disturbing" influences being injected into the situation.

Manager Joe Gordon feels the rumors of a possible shift in the Cleveland baseball franchise to some other city have been "disturbing" to his players. Gordon said he doubted it would affect their performance on the field, though.

The Tribe was below par in Thursday night's 8-6 defeat by the Boston Red Sox, despite three homers. A ninth inning rally fell short after Cleveland had tallied three runs and had the tying run at the plate in the person of Rocky Colavito. The big slugger popped to the infield.

Vic Power, Vic Wertz and Randy Jackson slammed the homers, all with the bases empty.

Dick Gernert had the only Boston homer, one of 15 hits off four Tribe hurlers. The loser was Hal Woodeshick (3-4), who gave up three runs in four innings. Two more were scored off Ray Narleski and the final three off Jim (Mudcat) Grant in the eighth. Don Ferrarese pitched one scoreless inning. Tom Brewer (8-10) was Boston's winner.

Power's 11th homer got the Indians off to a 1-0 lead in the first inning. An inning later the Red Sox had a 2-1 advantage. Two singles, Jim Piersall's triple and a passed ball by Russ Nixon did the damage.

Frank Malzone's triple with one on made it 3-1 in the third. Wertz' third homer of the season cut the margin to 3-2 in the fourth.

The Sox got an unearned run in the fifth to make it 4-2. A single by Minnie Minoso and a double by Power gave the Indians another run in the sixth.

Don Buddin's double and a single by Malzone provided Boston with a 5-3 advantage in the sixth. Then the Bosox broke loose for three runs on four hits off Grant in the eighth.

Hoyt Wilhelm (2-6) faced Ike Delock (11-3) in today's game.

Horse Racing Cited For Low Tribe Crowds

CLEVELAND (AP)—It could be that the team is inferior, too much television, the lack of a tight American League pennant race or any of a dozen other reasons for the dwindling attendance at Cleveland Indians' home games.

But William R. Daley, board chairman of the Cleveland baseball club, has come up with a novel reason which he cites as the major factor: Too much horse racing in the Cleveland area.

"Cleveland has more racing dates than any other city in the United States," he says. "Seven tracks, operating day and night, have simply drained off too many entertainment dollars."

Daley says he had been under tremendous pressure from other club directors to move the team to another city and away from the competing horse tracks, but adds:

"Cleveland is my town and I want the Indians to stay here, but unless a lot of other people show that they want them we'll have no choice."

Probers Eye Baker Link To High Official

New Part Of Inquiry To Include Violence In 1953 Cab Strike

By ROBERT D. NOVAK

WASHINGTON (AP) — Senate investigators will delve next week into links between Teamster muscleman Robert (Barney) Baker and one of the powers of the giant trucking union — Vice President Harold Gibbons.

Baker, 300-pound Teamster organizer, Thursday completed almost two days of testimony before the Senate Rackets Committee, ranging from the comic to the dramatic.

A perspiring Baker left the witness stand after Chairman John L. McClellan (D-Ark) called him a perjurer and counsel Robert F. Kennedy labeled him an associate of "underworld filth and the scum of the United States."

But with the hearings in recess Kennedy indicated today the ponderous ex-convict's troubles with the committee are not over. He told newsmen Baker would continue as a subject of testimony when hearings switch next Tuesday to Gibbons' activities in the St. Louis area.

The new phase of the inquiry into the giant Teamsters Union and its president, James R. Hoffa, will include a violence-punctuated St. Louis taxicab strike in 1953 and the part Baker allegedly played in it.

McClellan contended that Gibbons supplied Baker and other Teamster organizers with an arsenal of pistols and holsters to match during the strike. Baker swore, "That's not the truth as far as I'm concerned."

Baker has testified his rise in the union began after he met Gibbons in 1952 at a meeting in Washington of the Americans for Democratic Action, a self-styled liberal group.

Kennedy said next week's hearings also will probe Gibbons' controversial election last January as president of the St. Louis Joint Teamster Council, with Gibbons himself a possible witness at the end of the week.

Hoffa, a grim-faced, silent spectator in the hearing room this week, is not scheduled to return to the witness stand for at least another 10 days.

Baker Thursday loudly denied charges ranging from threats to murder to trafficking in stolen jewels. But he sheepishly admitted he might have bragged and told "little white lies" abuot being a close friend of New York Gov. Averell Harriman.

Although Baker swore "I don't sell no jewelry," the committee produced a surprise witness who told of seeing a fortune in gems in a Miami home where Baker lived with a blonde girl friend in 1955.

The witness, real estate man B. B. Bowers Jr. of Miami, said Mrs. Ruth Brougher, 44, once showed him nearly a quart of diamonds which he estimated were worth $75,000 to $100,000.

Mrs. Brougher, Baker's exsweetheart brought here from a Florida prison where she is serving a 15-year term for manslaughter, told the committee, "The only kind of jewelry I had in my possession was legitimate jewelry."

Court Of Awards Held

Girl Scout Receives 10-Year Pin

Doris Lynn Bourne, center, is shown receiving a pin marking 10 years in the Girl Scout movement Thursday night at an outdoor meeting of Senior Troop 79 at the home of the leader, Mrs. Eugene Seeley, 800 Lotus Ave., Chester.

Mrs. Joseph Arnott, her mother, is at left and Mrs. Seeley right.

The official presentation during a court of awards was made by Mrs. William D. Ogilvie, commissioner.

Eleanor Moore of North St. was the first to receive the pin about three years ago and Jane Chandler of Chester a year ago. Several others are eligible.

Miss Bourne entered scouting with Brownie Troop 6 in Newell in 1948 then became a member of Girl Scout Troop 19. She transferred to Intermediate Troop 51 when moving to Chester. She registered with Senior Troop 50 in Chester in the fall of 1955 and was senior aide for Troop 51.

She was one of four area girls the Girl Scout Council sent to the first Senior Scout Roundup in 1956 at Pontiac, Mich. She was chairman of the Girl Scout Planning Board, furthering the Senior Citizens remembrance program. She will be a senior in Chester High School.

During the court of awards, Mrs. Seeley presented ranger aide bars to Miss Bourne, Betsy Hobbs, Marsha Seeley, Cynthia Pinney, Carol Sue Tuttle, Sherry Reed, Susan Kay Wilson and Patti Taylor.

Five - point service stars were given Betsy Hobbs, Joyce Wilson, Deanna Brooks, Meredeth Loos, Sherry Reed, Lois Ann Merwin and Marsha Seeley.

Beth Sayre, who was graduated from Intermediate Troop 51, and Linda Ward were invested by Mrs. Seeley.

A gift was presented by the troop to Mrs. A. F. Hanes, a member of the troop committee. Wife of the pastor of the sponsoring church, Mrs. Hanes has served with the group since their inception as Brownies. Her husband is retiring as pastor and they will make their home in Brownsville, Pa. Cynthia Pinney, troop president, made the presentation.

A card was signed for Mrs. J. M. Bryan, a council member confined at City Hospital.

Mrs. Harold Ossman taught folk songs, stressing those typical of the Kenowva Region, which includes the local area.

Color slides of activities of the troop over the past years from the Brownie level to the present senior program were screened by Eugene Seeley, a member of the troop committee.

Guests included Mrs. Raymond Sayre, also a troop committee member, and Mrs. Ogilvie.

75 At All-Day Session

Steubenville Presbyterial Women Conduct Retreat

Five phases of "Personal Growth Through Prayer" were featured in discussion groups at a retreat Wednesday for Presbyterian women of the Steubenville Presbyterial with about 75 present at the all-day meeting in the Bethesda church near Salineville.

Leaders for the groups were Mrs. William Peeler of Mingo Junction, Mrs. Philip Fletcher of the First church, Wellsville, Mrs. Helen Kyser of Scio, Mrs. James Barnhouse of Steubenville and Mrs. Wilbur Ruthem of Bloomingdale.

Topics were "Definition of Prayer and Purpose," "Kinds of Prayer," "Prayer In Relation to What We Believe," "Prayer Barriers" and "Essential Steps to Growth in Private Prayer."

Mrs. Clyde Bowers of Scio, Presbyterial fellowship chairman, was in charge of the morning sessions and Mrs. Wilbert Trushell of Scio was devotion leader, on the prayer theme.

Mrs. Herbert Frischkorn of the Oak Ridge church near Wellsville, Presbyterial fellowship chairman, conducted the afternoon meeting. She led devotions on "Examine Yourself."

"A Service of Worship — On the Holy Spirit" was the pageant featured and was the one used at the quadrennial meeting in June at Purdue University at Lafayette, Ind.

Those taking part were all Presbyterial delegates to the quadrennial. Narrators were Mrs. Frischkorn, Mrs. Edgar Pittenger of the First church, East Liverpool, and Mrs. Peeler.

Additional delegates formed choral speech groups to complete the presentation.

The closing message by the Rev. Russell Owens, pastor of the Second church, East Liverpool, was based on "The Working Power of the Holy Spirit." He also offered the closing prayer.

Presbyterial officers from the Presbyterian Church in the USA and the United Presbyterian Church will meet Sept. 12 at the Second United Presbyterian Church, Steubenville, and the merger committees from both denominations will be dedicated at the event.

Four districts in the Steubenville Presbyterial will hold meetings in October with District 1 at the Second church, East Liverpool, Oct. 7; District 2 at Two Ridges church, near Steubenville, Oct. 8; District 3 at Germano, Oct. 9, and District 4 at Amsterdam Oct. 10.

Race Barrier Broken In Peaceful 'Sitdown'

OKLAHOMA CITY (AP) — A peaceful two-day "sitdown" by some 35 young Negroes has pierced another race barrier here.

The Katz drugstore yielded to the persistent Negro youths who solemnly lined its fountain, and started serving them.

Negroes previously have not been served in restaurants or fountains in the city. Mrs. Clara Luper, head of the Oklahoma City Youth Council of the NAACP, declared joyfully the Negroes will invade other businesses within the next few days, seeking the same privilege.

120 Attend Golden Star Sales Dinner

More than 120 employes attended a dinner meeting at the Travelers Hotel Thursday night in conjunction with the launching of a sales promotion contest by the Golden Star Dairy Co.

The local firm is one of 30 throughout the United States taking part in the event, which will be climaxed with the honoring of three finalists during the annual Quality Chekd member meeting at Chicago in November.

The local dairy's sales supervisor, Quentin (Doc) Henderson presided at yesterday's dinner and explained the contest rules and prizes. He introduced John Eiferd, John Eiferd Jr. and E. F. Eiferd of the company.

In a brief talk, "Two Many Milk Men, Not Enough Salesmen," John Sr. discussed the need for the adoption of daylight delivery hours as a substitute for the present early - morning deliveries.

Golden Star, in addition to the national contest, will sponsor a local promotion which will run through September.

Prizes will be awarded both selling and non - selling employes. They include $50 and $25 merchandising certificates for the top two winners in each division and an open $25 merchandising certificate for the first employe to bring in 25 new customers.

A new automobile is the first prize in the national contest, with the three winners earning an all-expense paid trip to the Chicago meeting in November.

Signup Opens In Farm Plan

Hancock Soil Bank Will Close Oct. 10

C. C. Herron, chairman of the Hancock County Agricultural Stabilization and Conservation Committee, said the signup has started among county farmers for participation in the 1959 conservation reserve of the Soil Bank.

The first step in the signup is for the farmer to request the county office at New Cumberland to establish annual rental payment rates for his farm.

The farmer should bring information to be used by the County ASC Committee in establishing rates. The chief facts needed, Herron said, are acreages and yields of the three principal crops on the farm for the past two years and acreages for other land use on the farm.

The conservation reserve is the only Soil Bank program available for 1959. Under the program, farmers retire land from general crops for up to 10 years and devote the reserved acreage to land, water, or wildlife conservation practices. The government makes an annual rental payment for the land and will also share in the cost of establishing the conservation practices.

The average rental payment rate for conservation reserve land in Hancock County in the 1959 program is $16 per acre per year. Maximum payment rates will be higher for the most productive farms and lower for less productive farms.

For farmers who request it, the county committee will figure two sets of maximum annual rates, Herron said. One will apply if only part of the eligible acreage on a farm is placed in the reserve. Another rate, 10 per cent higher, will be available if all eligible land on a farm is put in the reserve for at least 5 years.

After maximum rates have been determined for a farm, the farmer will have two weeks in which to decide on participation, designate land for the reserve, and apply for a contract. Land may be offered at less than the established maximum to increase the chance of acceptance in case there are insufficient funds to cover all offers.

The signup phase of the program closes Oct. 10 and all requests for establishing farm rates must be received by then, Herron said. The deadline for applying for contracts is Oct. 24.

TB Test Approved By School Heads

LISBON — Administration of a tuberculin test for high school seniors, eighth or ninth graders and primary school children was approved by superintendents of seven Columbiana Schools at a meeting with health officials Wednesday at the Wick Hotel.

After hearing a report on the test program, the group approved the Mantoux test for seniors, followed by tests for either ninth or eighth grade students, and a patch test for either kindergarten or first grade pupils.

The test was also approved for all cafeteria workers and bus drivers who have not receptly received an X-ray examination.

The group also reviewed information from committees on new duties and responsibilities of school nurses, general health policy and standing orders for school medical emergencies.

The new program is a result of planning at the recent Lake Hope health conference.

Retail Prices Decline First Time In 2 Years

NEW YORK (AP)—The National Industrial Conference Board said today that retail prices, as measured by its consumer price index, declined in July for the first time in more than two years.

The 1 per cent dip put the all-items index at 107.4 on a basis of 1953 equals 100. This is 2.5 per cent above year-ago levels.

Food and housing costs both were down .3 per cent and apparel was off .1 per cent, the NICB said.

Rangers Rescue Boy Stranded 26 Hours On Ledge

KINGS CANYON NATIONAL PARK, Calif. (AP) — Rangers Thursday night rescued a Los Angeles boy stranded 26 hours on a lodge 350 feet above Paradise Valley.

Ed Baye, 16, was in good condition but hungry when brought down the rocky slope. The second half of the descent was made in the dark.

Rangers used ropes to climb to the 5 by 12-foot ledge about 7,000 feet above sea level.

"How he got there we still have not figured out," said Louis Hallock, chief ranger.

Two companions of the boy, John Lynch, 16, and Charles Gibbons, 15, also of Los Angeles, had been stranded on a lower ledge, Hallock said. They managed to reach safety while rescuers were working toward them.

The three went hiking Wednesday.

U.N. Approves Arab Peace Plan

All Get Necks Out Of Wringer

By JAMES MARLOW

WASHINGTON (AP)—They all got their necks out of the wringer —the West, the Soviet Union and the Arabs — when the United Nations Thursday night approved 80-0 the Arabs' plan for peace in the Middle East.

They voted themselves a graceful way out of an embarrassing situation. The only question left is: Will the plan work? Or does it just provide a calm before a new storm breaks in the Middle East?

The plan, which the United States also approved, did not contain specifically a single one of the six proposals President Eisenhower made to the U.N. earlier this month to bring peace to the Middle East.

But at least he can feel some of his suggestions are in the plan, if only in a general way. In the end, although the plan is an easy way out for everyone, it may result in loss of the West's last, lingering grip on the area.

The Arabs — humiliated and angered by the presence of American troops in Lebanon and British forces in Jordan — can now claim credit for getting them out by the ingenuity of their plan. The Soviet Union wanted the troops out. And now they seem sure to go.

And it gets the United States and Britain off a hot spot. Even though invited in by Lebanon's President Chamoun and Jordan's King Hussein — they've shown signs of wanting out ever since they saw the world's bad reaction to what they did.

But there's no evidence anything in the Middle East has been solved or settled except for paving the way for American-British withdrawal. The Arab plan, or resolution, left it up to Secretary General Hammarskjold to arrange the withdrawal.

Secretary of State Dulles, seldom sunny about the Middle East, warned it would be folly to think the simple resolution by itself solved Middle East problems. For example:

Hussein asked for the British troops to save him from overthrow. It's been reported that once the British left he'd be assassinated or expelled. How does the Arab plan protect him if the British go? It doesn't say. Yet he approved it.

Eisenhower proposed a U. N. police force in Lebanon and Jordan to keep peace. The Arab plan says nothing about such an outside force. That seems to leave the door open for all the shenanigans to start as soon as the Americans and British leave.

True, the Resolution says the Arabs renew an old pledge among themselves not to be aggressors against one another. But they forgot about the pledge before and that's what caused the trouble this time. No reason to think they won't forget again.

For example: What reason is there to think United Arab Republic President Nasser, trying to bring the whole Arab world under his wing in one way or another, will stop his intrigue. To think he will sounds like a fairy tale.

But if the Americans and British withdraw — and after the present mess they'll be reluctant about going into the Middle East again — Nasser ought to have the field pretty much to himself.

And since the Soviets want Western influence in the area eliminated, the Arab resolution must taste like duck soup to them.

The resolution also called on Hammarskjold to try to work out with the Arabs some plan for a redevelopment institution. Eisenhower had proposed such an organization, to be run by Arabs.

It will take a lot of time to work out anything like that.

Constitution Day Dinner Set For Kaycee Groups

Plans for a Constitution Day dinner Sept. 17 at 7 p. m. in St. Patrick's Parish Hall in Salineville were completed at the meeting of the Cardinal Mercier Assembly, Fourth Degree Knights of Columbus, Wednesday night in the K. of C. home. Some 100 persons are expected to attend the affair.

Atty. Guy J. Mauro of Salem will be the speaker and Louis McKenna of Lisbon R. D. 1 will be toastmaster. Frank R. O'Hanlon, navigator, will preside.

The assembly approved future programs, including pilgrimage to Southern Columbiana County Catholic churches in October; a memorial Mass at St. Ann Church in East End, followed by a Communion breakfast, in November; a renewal of obligations in January, a combined Lincoln and and Washington birthday dinner in February, an anniversary dinner in April and a district degree exemplification in Youngstown in May. No social activity will be held in March, because of the Lenten season.

The assembly include members from East Liverpool, East Palestine, Lisbon, Wellsville and Salineville.

Girl, 16, Falls 150 Feet To Death In Forest Outing

MOUNT WASHINGTON, Mass. (AP)—Eileen Reiter, 16, of the Bronx, N.Y., on an outing in Bash Bish State Forest, fell 150 feet to her death on a ledge Thursday.

Nola Zirin, 15, Jericho, N.Y., narrowly escaped plunging into the 500-foot Bash Bish Falls gorge after her companion. Clutching at Miss Reiter as she fell, Miss Zirin slipped off a narrow path 100 feet from the top of the gorge but managed to seize hold of brush and pull herself back.

The Reiter girl landed on a narrow water-filled ledge some 250 feet above the base.

State police who climbed almost vertically to reach her said there was nothing they could do. They fastened a rope around her and lowered the body to the bottom by stages.

The girls were in a party of six teen-agers and two adults who came here from Camp Try-Woodie at Hyde Park, N.Y. Police said the pair apparently were climbing the gorge alone when the accident occurred.

Britain Crown Jewels Safe, Alarm Sounds Accidentally

LONDON (AP) — The burglar alarm went off accidentally at the home of Britain's crown jewels today, causing one of the greatest scares since Capt. Peter Blood swiped the royal gems nearly 300 years ago.

"The crown jewels are safe in the Tower of London," said a Scotland Yard official today. "They have not been stolen."

The official said the alarm was tripped by mistake.

"Intruders have entered the jewel house in the Tower of London," intoned the recorded voice on the alarm at London's central police headquarters.

That was enough to send the flying squad zooming over to the ancient bastion on the Thames. The alarm automatically dropped a 16-ton steel cage around the jewels.

"In this business," said the Yard man, "you can't take a chance. The crown jewels stolen? Why it would be the story of the century, old boy."

Britain's crowns and royal regalia of incalculable value are on display in a circular glass case surrounded by a high picket fence. More than 300,000 people from all over the world view them annually.

Capt. Blood, a daring robber, almost got away with them. Dressed as a clergyman, he and two associates gained entrance to the jewel house back in the 17th century.

With a few well-directed blows they knocked out the guards and pocketed some of the gems. They dropped half their booty though as they galloped off on waiting horses.

They were overtaken and all but one ruby were recovered. Later this was found in the pocket of one of the gang.

Two hundred years later a woman got her hand through the steel bars and the glass and tried to yank out one of the many-jeweled crowns.

Guards caught her. They found her hand badly cut and the crown slightly scratched.

14 Reds See One Of Strongholds Of Capitalism

NEW YORK (AP) — Fourteen Soviet tourists went sightseeing Thursday in one of the strongholds of capitalism—the New York Stock Exchange.

The first group of just plain Soviet citizens to visit this country since the Bolshevik Revolution, they took many pictures and asked plenty of questions.

Watching the bustle on the exchange floor, Alexander V. Rubovev commented: "How they run around. I bet they lose a lot of weight. In Russia we don't have to be so nervous because we workers don't own any shares."

Pointing to a group of shirt-sleeved men, another Russian said, "All of these people do not look like millionaires."

7 From County Await Kent State Graduation

Two city men and one from Wellsville are among seven Columbiana County residents who will be graduated from Kent State University at Kent Saturday morning.

Slated to receive degrees are Edward L. Galloway, 1501 St Clair Ave., bachelor in education; William O'Farrell, 909 Bradshaw Ave., bachelor in business administration; Charles H. Vaughn Jr. 613 Broadway, Wellsville, bachelor in business administration.

Marcia A. McClintock, 301 S. Lincoln Ave., Lisbon; Grace Unger of Homeworth R. D. 1, and Norma J. Santullo of Leetonia, bachelor in business administration.

Not Single Polio Case Reported In Chicago

CHICAGO (AP)—For the first time in more than 45 years, not a single case of polio has been reported in Chicago by mid-August and health officials credit the city's extensive program of Salk vaccine inoculations.

Nearly 5,400,000 salk shots have been administered by the city Board of Health and private physicians since April 24, 1955, said Dr. Herman N. Bundesen, president of the Board of Health.

AFL-CIO To Back UAW In Event Of Automobile Strike

FOREST PARK, Pa. (AP)—The AFL-CIO has decided to throw its financial and manpower resources behind Walter Reuther's United Auto Workers in event of a motor industry strike.

The federation's ruling Executive Council Thursday created a seven-man committee of its members to "give practical support organizationally and financially to the UAW" if an auto strike develops.

A statement adopted unanimously by the council said General Motors, Ford and Chrysler have refused to bargain in good faith on wage and other demands raised by Reuther's UAW in five months of bargaining.

Named to the AFL-CIO's UAW Aid Committee were labor union heads George Harrison, James B. Carey, David Dubinsky, Dave McDonald, Albert Hayes, Joseph Beirne and Joseph Keenan. They represent rail, steel, clothing, electrical and other types of workers.

The UAW help was voted as the AFL-CIO chiefs wound up a week-long session here at a summer camp in the Pocono Mountains.

Community Control Of Health Clinics Urged

COLUMBUS, Ohio (AP) — Dr. Robert A. Haines, director of the Department of Mental Hygiene and Correction, would like to see Ohio give local communities full control over their mental health clinics.

Haines told a group of mental health leaders Thursday that in existing clinics, communities provide the facilities but the state hires and pays the staffs.

Under the proposed change, he said, the community would set up and operate the clinics under full local control, and the state would supply matching funds.

Other Causes Hinted For U.S. Lung Cancer

RENO (AP) —A Japanese surgeon says he believes automobile exhaust fumes and industrial smoke may cause more lung cancer in the United States than does cigaret smoking.

Dr. Komei Nakayama, professor of surgery at the University of Chiba medical school in Japan, told a regional meeting of the International College of Surgeons that the Japanese smoke far more heavily than Americans but have a very low incidence of lung cancer.
